

Clickers

You should bring your clickers (personal response units) to each class. The channel of the clickers in this class is **17**. Answers to clicker questions will contribute to extra credit, which can make up to 10% of the total from your other assignments.

Please register your clickers for this course using Blackboard. Your responses to class exercises do not count if you have not registered your clicker for the course.

The course you should register your clicker to is:

phys222-sp2015merged: Physics-222-Merged-Spring-2015

Login to Online@UT (Blackboard Learn) <https://bblearn.utk.edu/>. Select merged course name (above) and click on this course heading; then choose "Tools" from the left top corner.

Next, click to "TurningPoint Registration Tool" and then enter your response device ID which is on the back side of the device. You can find more instructions on how to register your clicker on BB under Course Materials.

More about clickers: <https://oit.utk.edu/instructional/tools/clickers/Pages/default.aspx> and <https://oit.utk.edu/instructional/tools/clickers/Documents/Blackboard Student Guide2013.pdf>

Clicker and Class Attendance

Class attendance will be monitored by clicker response. You should press clicker for a question (right or wrong) at list once in class to be registered for the class.

Attendance is mandatory and will be part of the grade. If I call your name during he class, you should respond, **otherwise you will be considered absent.**

No clicker cheating will be tolerated ! Using clickers of absent students in class is a severe violation of University Standard of Conduct #1.

If you have an excuse for not being in class, you should notify me by e-mail explaining the reason for your absence (if necessary, attach scanned documents).

If you miss, say, half of classes, you will receive only half of “class attendance credit”, i.e. –5% to your final grade and only half of your possible extra-credit from clicker quizzes.

If you NOT attending my classes for a principal reason, you will still have a chance to get an **A** as a final grade. Then you arrogance should march together with your excellence.
