

# Precreation

## Creative Thinking

(DoL 5)

- Choose a topic
- Identify 3 or 4 headings of important parts of that topic
- In columns, create lists (brainstorm) of anything related to the topic
- Place prepositions between any two lists. Examples of prepositions are: above, after, between, beside, about, because, beyond, down.
- Read across two columns and see if you can make sense of the relationship
- Shift one column up or down on notch > > > identify relationships
- Try different combinations > > >  
looking for new, unique, creative relationships!
