Minimum Eligibility Requirements
Each applicant must:
* Be enrolled in an accredited college that hosts or has a cross-town agreement with an Air Force ROTC detachment
* Become a United States citizen prior to field training attendance
* Be medically qualified
* Be of good moral character
* Be at least 17 years old by the end of the entering year and be under 31 years old as of Dec 31 of the commissioning year

Cross-town Agreement
Through cross-town agreements, the Air Force ROTC program is available to students at other schools in the Knoxville area. If you enroll at one of these schools, contact Detachment 800’s Unit Admissions Officer at the University of Tennessee for more details.

What are the Benefits?
Job	Rewarding job upon graduation
Pay	Highly competitive salary and allowances
Vacation	30 days vacation each year with pay
Advancement	Promotions based on experience and performance
Sick Leave	Unlimited, full time pay continues
Medical/Dental	Provided at no cost
Education	Tuition assistance for higher level studies
Travel	Free space-available travel on military flights
Social Life	Officers’ clubs, free fitness membership and recreational activities at reduced rates
Retirement	Retire after 20 years with 50% of base pay and medical benefits
Living Quarters	On-base housing available or off-base housing allowance provided

What are the Career Opportunities?
Aircraft—pilot, navigator, maintenance, air battle manager
Special Operations—combat rescue, air liaison
Operations & Management—personnel, intelligence, communications, logistics, security forces, munitions, air traffic control, contracting, weather and finance
Engineering—research, development, or technical management in virtually all fields of engineering
Computer Science—operations, program systems analysis
Missiles—operations, maintenance, ground support
Scientific—mathematics, nuclear physics, chemistry
Law—labor, claims, environmental and real property, international, contract, military justice, legal assistance
Health Services—physician, osteopathy, nursing, flight medicine
Space—satellite operations, surveillance, missile warning, launch, space control, cyber operations

How Do I Join?
The Air Force ROTC class schedule and credit information are listed in the UT registration book. Visit the following website for more course information:
www.web.utk.edu/~rotc800
Call: 865-974-3041 or email: afrotc@utk.edu
The Air Force ROTC Program

ROTC Courses
General Military Course (AS 100 & 200) students attend a one credit hour elective course each fall and spring semester. Professional Officer Course (AS 300 & 400) students take a three credit hour course each fall and spring semester.

Leadership Laboratory
As an Air Force ROTC cadet, you spend two hours each week in a “Laboratory” environment applying the leadership skills discussed during classes. Leadership Laboratory is a cadet run and cadet-centered program that will teach you the skills to lead our nation’s Air Force.

Physical Training (PT)
There are two, one hour PT sessions each week during the fall and spring semesters. Events range from runs to circuit training. The goal of this training is not only to improve your short term performance but to instill a lifestyle that consists of a disciplined body and mind.

Field Training
Air Force ROTC cadets attend a four week Field Training Unit during the summer at Maxwell AFB, AL. This is accomplished prior to starting the AS 300 curriculum, generally between the sophomore and junior year. At field training, cadets receive junior officer training, career orientation, survival training, weapons familiarization, physical training and familiarization with the organization and function of an Air Force base.

Special Activities
Air Force ROTC provides you a wide variety of professional and social activities. Here are just a few:

Sorority and Fraternity Activities—Air Force ROTC at Det 800 actively supports national, honorary service organizations, Arnold Air Society and Silver Wings. These organizations are voluntary and provide many social and community service activities to develop cadets’ professional abilities.

Sports—The cadet corps participates in several intramural sports and competes with other detachments throughout the year.

Dances & Dinners—Det 800 has Dining-in and Dining-out functions and Military Ball in both the Fall and Spring.

Base Visits—Cadets plan a local base visit tour in order to see first-hand what active duty is like. They are also able to shadow Air Force officers in career fields of their choice.

Color Guard—This is a team of cadets that present the colors at various formal ceremonies, sporting events and parades.

Flight Orientation Program—This gives cadets the opportunity to sit front seat and fly with the help of an instructor pilot for 8 hours of flight at no cost to experience aviation first-hand.

Scholarships
Air Force ROTC has scholarships that cover some or most of your college expenses. Scholarship funds pay for: college tuition, most laboratory fees plus $900 for textbook reimbursement. Also, cadets receive a non-taxable monthly allowance during the school year ranging from $300 per month for AS 100 cadets (freshmen) to $500 for AS 400 cadets (seniors).

High School Seniors - Scholarships are offered to high school seniors under the High School Scholarship Program (HSSP). Scholarships are awarded in many majors with an emphasis on technical majors. To apply, visit the Air Force ROTC website at www.afrotc.com!

College Students - Please see the Unit Admissions Officer for updates on the In-College Scholarship Program.
