The educational program designed to give men and women the opportunity to become an Air Force officer while completing a degree. The Air Force ROTC program is designed to prepare you to assume positions of increasing responsibility and importance in the modern Air Force. There are several routes to an Air Force commission — four, three and even two-year programs for qualified candidates.

The Program: The General Military course is the first half of the four year program and it is taken during your freshman and sophomore years. This program allows you to "try out" Air Force ROTC for up to two years without incurring any obligation unless an Air Force ROTC scholarship. You can try it out at any time during your freshman or sophomore years by simply registering for classes. As you attend class, you will learn more about the Air Force and the historical development of Airpower. Classes meet once a week for one hour. A leadership lab is also mandatory. You may apply for scholarships at any time, provided you have met the requirements.

The last half of Air Force ROTC program, called the Professional Officer Course, is competitive. These junior and senior level courses cover leadership skills and national defense policy. You must have prior approval by the Department of Aerospace Studies to enter these courses. One and two year scholarships are available to those highly qualified candidates who have met all requirements.

Optional Special Activities: Introductory Flight Training, Arnold Air Society, Silver Wings, Color Guard, Civil Air Patrol, Base Visits and a wide variety of optional summer programs.

What kind of job will I have? First and foremost you will lead the men and women of the most powerful Air Force in the world! You may be:

- Pilot
- Navigator
- Doctor
- Lawyer
- Nurse
- Missile Launch Officer
- Satellite Operator
- Intelligence Officer
- Special Operations Officer
- Security Forces Officer
- Engineer
- Finance Officer
- Personnel Officer
- Communications Officer
- Acquisitions Officer
- Aircraft Maintenance Officer
- Logistics Officer

The possibilities are endless. The Air Force offers you the chance to gain real-world experience unmatched in the civilian job market.

What about Scholarships?: They are available to students on a competitive basis and are awarded based on academic performance, a physical fitness test, medical exam and an Air Force Officer Qualifying Test scores.
