Sigma Nu  
Epsilon Eta Chapter No.99

U T  
SPRING 65

Alumni News  
Knoxville, Tennessee

Dear Brothers of Sigma Nu,

June will see the closing out of one of the most successful years in the history of this chapter. Following the eventful fall and winter quarters, Epsilon Eta initiated spring quarter with the election of officers. Commander is Lynn Sorrell, a senior chemical engineering major from Kingsport. L. C. is John Tindall, senior finance (and ROTC) major from Memphis. Treasurer and recorder respectively are Mike Gritzner, senior nuclear engineering major from Concord, and Gene Spencer, electrical engineering senior from Chattanooga. Larry Hooker, electrical engineering sophomore from Memphis, is rush chairman, and alumni contact officer is Larry Bredeson, chemical engineering sophomore from Memphis. These officers, along with the active chapter, have brought the internal strength of Epsilon Eta to new heights as exemplified by the many and varied activities carried on by the brothers.

Activities during spring quarter ranged from the annual White Rose Formal to the Lambda Chi tug of war--from house improvement to alumni visitation. The White Rose Formal, undoubtedly the most successful party of the year, was climaxed by the election of Sandy Shaw, an Alpha Chi Omega majoring in speech and hearing as White Rose sweetheart. In contrast to the formal, eleven brothers donned their grubbiest clothes to try their hands at the Lambda Chi tug of war. After pulling KA and Farmhouse into the icy pit of water, the Nu's were put down in the championship match by the AGR lumberjacks. The new House manager, Dave Garrison, a sophomore from Ohio, has demonstrated his capabilities by supervising, as well as doing hard labor, in various house improvement programs. These have included resodding the front yard, laying new linoleum in the kitchen, and renovating the downstairs party area. Relations with other chapters have not suffered this year. Our fall quarter pledge class journeyed to the then colony at Western Kentucky State in Bowling Green. The ceremonial sword of the now active chapter was a gift of our pledge class. We have also sent pledges to visit chapters in North Carolina and Virginia and received pledge classes from North Carolina and Alabama. Alumni relations, long neglected at Epsilon Eta, have taken a turn for the better. Seventy brothers attended this year's alumni banquet which had been preceded by a general visitation of alums in the Knoxville area. At the banquet the active chapter presented a check for three hundred and sixty dollars as the Howard Baker Memorial Fund to the house corporation. The brothers of the active chapter sold their blood to local hospitals to earn this money. This summer an extensive alumni visitation program will be carried on, and we are looking forward to visiting each and every alum of this chapter. The alumni news letter will be a quarterly publication from now on, but if you are to receive a copy it is imperative that we be notified of your zip code number. Please send this information to the alumni contact officer, Larry Bredeson, 4778 Normandy, Memphis, Tennessee 38117. Fall quarter's news letter will contain a number of short biographies on various alumni visited during the summer--where they are, what they are doing now, etc. We are also carrying on an extensive summer rush program, and we strongly urge each and every alumni to notify our rush chairman, Larry Hooker (1120 Cullenwood, Memphis, Tenn. 38116), if you know of any eligible man that will be attending UT next fall. It has been a tremendous year at Epsilon Eta, and we of the active chapter are looking forward to even
