The meeting was called to order at 2:00 p.m. by Laura Jolly, Chair.

The Minutes of the November 1, 2005 meeting of the Undergraduate Council were approved.

Committee Reports

   Academic Policy Committee – M. Holcomb (pages U979-U980)

   Advising Committee – R. Darling
   R. Darling reported on activities of the Advising Committee including an update on the online Early Alert program, efforts to ensure a smooth transition to the online enforcement of prerequisites and corequisites for Fall 2006 enrollment, and plans for piloting the advising evaluation. Tammy Kahrig, Associate Director of the Student Success Center was introduced.

   Appeals Committee – R. Darling for D. Peccolo (page U981)

   Curriculum Committee – R. Hinde (pages U982-U999)

   General Education Committee – L. Jolly (pages U1000-U1003)

   University Honors Faculty Mentor Program – K. Salzer (pages U1004-1005)

The meeting was adjourned at 3:35 p.m.
ACADEMIC POLICY COMMITTEE REPORT

The Academic Policy Committee met on Wednesday, January 18th. The following items were discussed and approved by the committee. We respectively submit these items for consideration of the Undergraduate Council.

All changes effective Fall 2006

1. REVISE GENERAL REQUIREMENTS FOR A BACHELOR’S DEGREE, PAGE 47

FROM: Second Bachelor’s Degree

A student who holds a bachelor’s degree may receive a second bachelor’s degree from the University of Tennessee, Knoxville, by satisfying the following.

• Meet all requirements of both degrees
• Complete at least 30 semester hours in addition to the total hours required for the first bachelor’s degree
• Declare the intention to work for a second bachelor’s degree with the Office of the University Registrar at the time of graduation

TO:

A student who holds a bachelor’s degree may receive a second bachelor’s degree from the University of Tennessee, Knoxville, by satisfying the following.

• Meet all requirements of both degrees
• Complete at least 30 semester hours in addition to the total hours required for the first bachelor’s degree
• Declare the intention to work for a second bachelor’s degree with the Office of the University Registrar when application is made for the second degree

Students are able to enroll in additional post-baccalaureate course work in lieu of pursuing a second baccalaureate degree. Students are further encouraged to pursue graduate studies toward an advanced degree. Once a bachelor’s degree has been awarded, a student may not add a second bachelor’s degree in the same major as the first bachelor’s degree even if the student wants to pursue a different concentration in that major. A student may not receive a second bachelor’s degree in a major that has already been awarded as a minor in a first bachelor’s degree.

2. PROPOSED CHANGE IN TRANSFER ADMISSIONS POLICY

On page 26 of the Undergraduate Catalog under “Transfer Admission,” change statement FROM:

“The admission decision for transfer students with fewer than 30 earned transferable college-level hours will be based on the same criteria as new freshman applicants.”

TO:

“The admission decision for transfer students with fewer than 30 earned transferable college-level hours will be based on their high school GPA, ACT/SAT scores, and a minimum required college GPA of 2.5.”

Rationale:

Institutional data collected for transfer students at UT indicates that students who have earned less than 30 hours at a transfer institution are less likely to be successful than students who transfer in more than 30 hours. For example, in Fall 2005:

Of students with > 30 transfer hours, 20.9% did not earn a 2.0 term average.

Of students with < 30 transfer hours, 25.2% did not earn a 2.0 term average.

Of students with < 30 transfer hours & a transfer GPA between 2.0-2.49, 36.2% did not earn a 2.0.

With an increased quality in the freshman class and an increase in the minimum criteria for freshmen admission, the institution must also increase the standards for transfer students who have not yet completed their freshman year. A required background GPA of 2.5 for freshmen transfers would encourage students who have not met that standard to remain at their background institution and complete their freshmen level courses, and, thus, transfer to UT with stronger academic preparation.
3. UNIVERSITY HONORS PROGRAM

Academic Policy and Procedures Change

REVISE CATALOG TEXT

On page 41 of the 2005-2006 Undergraduate Catalog, in the section on Opportunities for High-Achieving Students change:

FROM:

Honors Courses

Courses specifically designated as honors courses are available, but are not exclusive to those students enrolled in the University Honors Program. Students with requisite ACT/SAT scores and previous acceptable academic performance may also be allowed to enroll.

There is no limit to the number of credits that may be earned in these courses except in the senior readings courses not requiring regular class attendance. These reading courses may not total more than six credit hours toward graduation.

TO:

Honors Programs at the University of Tennessee

Several honors options are available:

* The University Honors Program is available to entering freshmen and a limited number of transfer and sophomore students. For a description of this program please see University Honors.

* Some colleges have college-wide honors programs. In the College of Agricultural Sciences and Natural Resources see the CASNR Honors Research and Creative Achievements Program and in Arts and Sciences see the College Scholars major.

* Many academic departments have Honors programs. For specific requirements see individual program degree requirements.

* Courses designated as honors courses are available to all students with requisite ACT/SAT scores and previous acceptable academic performance. Please see specific course descriptions for the requirements for registration.

Rationale: Changes clarify the range of honors options available to students.

Committee Members present at the 1/18 meeting:

Bonnie Gould                          College of Arts and Sciences
Mary Holcomb                          College of Business Administration
Laura Jolly                           College of Education, Health & Human Services
Sally McMillan                       College of Communication and Information
Euridice Silva                       College of Arts and Sciences
Monique Anderson                     University Registrar
Richard Bayer                        Enrollment Services
Ruth Darling                         Student Success Center
Tammy Kahrig                         Student Success Center
Missy Parker                         College of Arts and Sciences
Masood Parang                        College of Engineering

CURRICULUM COMMITTEE REPORT

The Curriculum Committee met Tuesday, January 17, 2006 – 2:00 p.m. – Board Room, 8th Floor, Andy Holt Tower.

MEMBERS PRESENT: R.J. Hinde, Chair, Heather Hirschfeld, Asafa Jalata, Mark Moon, Johnie Mozingo, Bill Park, Chris Pionke

EX-OFFICIO MEMBERS PRESENT: Don Cox, Tom George, Fred Pierce, Max Robinson, Frank Spicuzza

OTHERS PRESENT: Mary Lewnes Albrecht, Laura Jolly, Sally McMillan

The committee reviewed and approved proposals from

College of Agricultural Sciences and Natural Resources
College of Architecture and Design
College of Arts and Sciences
College of Business Administration
College of Communication and Information
College of Education, Health, and Human Sciences
College of Engineering
College of Nursing
University Honors Program

The meeting was adjourned at 4:20 p.m.

NOTES:
★ Identifies courses with a General Education designation that are being added or dropped and revisions to courses with a General Education designation.

► Identifies academic disciplines that are being added, dropped or are moving to a different department.

⊙ Identifies majors, concentrations, minors that are being added, dropped or are moving to a different department.
COLLEGE OF AGRICULTURAL SCIENCES AND NATURAL RESOURCES

All changes effective Fall 2006

I. COURSE CHANGES

AGRICULTURAL AND EXTENSION EDUCATION PROGRAM

(042) Agricultural and Extension Education

REVISE TO REMOVE REPETITION

201 Field Experience in Agricultural and Extension Education (1)

AGRICULTURE AND NATURAL RESOURCES (INTERDEPARTMENTAL UNIT)

(088) Agriculture And Natural Resources

REVISE CREDIT HOURS AND REPETITION

491 International Experience in Agriculture and Natural Resources (1-12)
  Repeatability: May be repeated. Maximum 12 hours.

REPEATABILITY CLARIFICATION

497 Honors: Independent Project (1-6)
  Repeatability: May be repeated. Maximum 6 hours.

DEPARTMENT OF ANIMAL SCIENCE

(113) Animal Science

REPEATABILITY CLARIFICATION

492 Animal Science Field Study (1-6)
  Repeatability: May be repeated. Maximum 6 hours.

DEPARTMENT OF BIOSYSTEMS ENGINEERING AND SOIL SCIENCE

(196) Biosystems Engineering

REVISE REPETITION

470 Special Problems in Biosystems Engineering (1-3)
  Repeatability: May be repeated. Maximum 6 hours.

REVISE DESCRIPTION AND REPETITION

480 Selected Topics in Biosystems Engineering (1-3) Current trends and problems in biosystems engineering.
  Repeatability: May be repeated. Maximum 6 hours.

(345) Environmental And Soil Sciences

ADD

★220 Waters and Civilizations (3) Investigation and discussion of the societal impacts on ancient and modern civilizations of water issues including irrigation, flood control, droughts and desertification, dam construction, aquifers, drinking water, water pollution, and water rights. (CC)

DROP

481 Capstone in Environmental and Soil Sciences (3)
DEPARTMENT OF FOOD SCIENCE AND TECHNOLOGY

(390) Food Science And Technology

ADD

150 History and Culture of Food (3) Impact of people and historical events on the production, distribution, and consumption patterns of food; the role of food as an indicator of cultural, societal, and historical changes around the world; major, technological advances in food processing and their impact on the globalization of the food supply.

Contact Hour Distribution: 3 hours lecture.

415 Food Analysis (4) Principles, methods and techniques for qualitative and quantitative analyses of composition and physical, chemical, and biological properties of food and food ingredients.

Contact Hour Distribution: 3 hours and one 2-hour lab.

(RE) Prerequisite(s): Chemistry 110 or 350.

419 Food Chemistry Lab (1) Interaction of water, proteins, lipids, carbohydrates, minerals, enzymes, vitamins, and additives in foods and methods of evaluation of chemical properties of foods.

Contact Hour Distribution: one 2-hour lab.

(RE) Corequisite(s): 410.

441 Food Engineering (3) Units and dimensions, physical properties, transport processes, fluid flow, heat transfer, thermal and nonthermal preservation processes, refrigeration, freezing, evaporation, psychrometrics, mass transfer, membrane separations, dehydration.

Contact Hour Distribution: 2 hours and one 2-hour lab.

(RE) Prerequisite(s): Physics 101 or Physics 221.

461 Fresh Meats (3) Basic principles in the conversion of muscle to meat and the factors that contribute to the utilization and marketing of quality fresh meat products.

462 Manufactured Meat Technology (2) Basic principles of manufacturing valued added meat products.

Contact Hour Distribution: 1 hour lecture and 1 hour lab.

ADD CROSS-LISTED SECONDARY COURSE

101 Science of Foods (3) (See as Hotel, Restaurant, and Tourism 101.)

DROP

140 The Food Industry (3)

460 Meat Science (3)

469 Meat Science Lab (1)

<table>
<thead>
<tr>
<th>Current Course</th>
<th>Fall 2006</th>

<td></td>
</tr>
</tbody>
</table>

REVISE CREDIT HOURS AND CONTACT HOUR DISTRIBUTION

240 Field Observations in Food Processing (3)

Contact Hour Distribution: 1 hour discussion and one 4-hour lab.

410 Food Chemistry (3)

Contact Hour Distribution: 3 hours lecture.
DEPARTMENT OF FORESTRY, WILDLIFE AND FISHERIES

(396) Forestry

DROP

421 Forest and Wildland Resource Economics (3)

REVISE DESCRIPTION

306 Forest Protection (3) Biological and economic considerations of native and exotic pathogens, insects, and vertebrates, and damage from weather in the forest ecosystem. One or more all day or overnight field trips may be required.

REVISE TO REMOVE (RE) PREREQUISITES

Ø 321 Wildland Recreation (3) (WC)

423 Wildland Recreation Planning and Management (3)

REPEATABILITY CLARIFICATION

492 Practicum in Forestry (1-6)
   Repeatability: May be repeated. Maximum 6 hours.

493 Independent Study in Forestry (1-15)
   Repeatability: May be repeated. Maximum 15 hours.

(398) Forestry, Wildlife and Fisheries

REVISE (RE) PREREQUISITES

317 Principles of Wildlife and Fisheries Management (3)
   (RE) Prerequisite(s): Chemistry 100 or 120.

(993) Wildlife And Fisheries Science

ADD

450 Fish Physiology (3) Mechanisms of gas transfer, circulation, excretion, osmoregulation, locomotion, and neural/hormonal control of these systems in fishes. Comparisons and contrasts with physiology of terrestrial animals. Practical applications of fish physiology to aquaculture, pollution assessment, and fisheries management.
   Registration Restriction(s): minimum student level – senior.

REPEATABILITY CLARIFICATION

493 Independent Study in Wildlife and Fisheries Science (1-15)
   Repeatability: May be repeated. Maximum 15 hours.

DEPARTMENT OF PLANT SCIENCES

(791) Plant Sciences

DROP

432 Weed Management (3)

REVISE CREDIT HOURS

410 Nursery Management and Production (3)

DEPARTMENT OF PLANT SCIENCES

DELETE DEPARTMENTAL ENROLLMENT MANAGEMENT PLAN AND REVISE INTRODUCTORY SECTION

On page 69 of the 2005-2006 Undergraduate Catalog delete the Enrollment Management Plan section and revise the introductory section on pages 68 and 69 to the following text.

Academic programs in the Department of Plant Sciences span the art, science and technology of plant use in society. Students receive preparation for careers in horticulture and agronomy within four concentrations: (1) landscape design and construction; (2) plant science, biotechnology and horticulture; (3) public horticulture; and (4) turfgrass science and management. With the increasing emphasis placed on plants in urban areas, we offer particularly extensive training in landscape horticulture: planning, implementation and management for landscapes, turf and gardens. We also offer comprehensive programs in plant biotechnology and plant production.

Upon entering our department, each student is assigned a faculty advisor to guide them in selection of career specialties and elective courses. The curriculum builds upon the university-wide general education requirements with critical courses in botany, soils, and business, and adds a set of required departmental courses specific to each concentration. Students are able to customize their program by selecting electives. Students in all concentrations are trained to work knowledgeably in general plant culture. Students are encouraged to earn a minor degree in a supportive field to further enhance their academic training and professional competitiveness. While firmly grounding students in the knowledge and skills of the plant sciences and arts, our curricula emphasize critical thinking and creative activity. Our students also gain the theoretical education necessary for continuing on for advanced degrees in plant related fields.

Students should declare a concentration early in their undergraduate program and strictly follow the curriculum described for the concentration. Students who transfer into plant sciences from other colleges or programs must meet the same requirements as those entering the department as freshmen.

Internship or undergraduate research participation is required for each concentration. Full-time summer internships are available at selected local, regional, and national companies or institutions. Part-time summer or semester internships and research experiences are available from the Department of Plant Sciences, other university departments and laboratories, and local commercial firms.
Our graduates find employment in a wide variety of professions. In working for others or within their own business, graduates of the landscape concentration design residential landscapes, select proper woody and herbaceous plant materials for specific sites, restore native landscapes, specify specialty components dealing with landscape construction (irrigation, lighting, water features), prepare materials lists and cost estimates for landscape installations, and manage landscape crews. Turf majors have career opportunities in the industries involved with lawn management, athletic fields, golf courses, sales, and park and grounds maintenance. The public horticulture concentration prepares students for careers in botanical gardens, zoos and national parks; professional writing, television and radio; urban forestry; teaching; and municipal and university horticulture. Graduates in plant science, biotechnology and horticulture find employment in education, consulting, sales, agricultural extension, and research and development.

*Meets University General Education Requirement.

Choose from the University General Education lists. Selection should be made in conference with academic advisor. Students must meet the University General Education requirement Communicating through Writing by selecting a course with a (WC) designation. This course may be in the major or from another discipline. Plant Sciences 448 satisfies the Communicating through Writing requirement.

ADD TECHNICAL ELECTIVES LIST FOR TURFGRASS SCIENCE AND MANAGEMENT CONCENTRATION

On page 72 of the 2005-2006 Undergraduate Catalog, add the Technical Electives for the Turfgrass Science and Management Concentration.

REVISE REPEATABILITY

320 Ceramics: Portfolio Review (0)
Repeatability: May be repeated once.

REVISE CREDIT HOURS AND REPEATABILITY

493 Independent Study (1-4)
Repeatability: May be repeated. Maximum 15 hours.

(136) Art Design/Graphic

ADD

400 Typography (3) Principles of typography as well as classical and contemporary type forms as vehicles for communication. An intensive introduction to the fundamentals of type, from individual letterforms to large bodies of textual information. Attention to formal, technological, rhetorical and historical issues.
(DE) Prerequisite(s): Art 295 and Art Design/Graphic 251.

ADD

410 Advanced Typographic Investigation (3) Expands on principles introduced in Typography (Art Design/Graphic 400). Projects will include work in reflective as well as electronic environments with an emphasis on personal exploration.
(DE) Prerequisite(s): 400.

ADD

425 Illustration (3) Develops skills and critical analysis for effective visual communication. Projects will explore the relationship between image and meaning. Students will explore a variety of media as they develop a personal visual vocabulary.
Repeatability: May be repeated. Maximum 6 hours.
(DE) Prerequisite(s): Art 295 and Art Design/Graphic 251.

REVISE REPEATABILITY

350 Graphic Design Portfolio Review (0)
Repeatability: May be repeated once.

REVISE CREDIT HOURS AND REPEATABILITY

  Repeatability: May be repeated. Maximum 6 hours.
493 Independent Study (1-6)
  Repeatability: May be repeated. Maximum 6 hours.

DEPARTMENT OF MATHEMATICS

(641) Mathematics

ADD
498 Senior Honors Thesis (1-3) Students in the mathematics honors program work individually under the direction of a faculty member to write an honors thesis. The thesis must be approved by the departmental honors committee.
  Repeatability: May be repeated. Maximum 6 hours.

DROP
401 Mathematics and Microcomputers (3)

REVISE TO ADD GRADING RESTRICTION
119 College Algebra (3)
  Grading Restriction: A, B, C, No Credit grading only.

130 Precalculus I (4)
  Grading Restriction: A, B, C, No Credit grading only.

REPEATABILITY CLARIFICATION
495 Seminar in Actuarial Mathematics (1-3)
  Repeatability: May be repeated. Maximum 6 hours.
PRE-PROFESSIONAL PROGRAMS

(669) Medical Technology

ADD

101 Introduction to Clinical Laboratory Science (2) Introduction to the profession for those investigating a career in clinical laboratory science. Emphasis on the scientific aspects and clinical significance of laboratory procedures, laboratory safety, professionalism, and career opportunities.

DEPARTMENT OF MICROBIOLOGY

(684) Microbiology

ADD

480 Genomics and Bioinformatics (3) Fundamentals of a new scientific discipline based on sequencing genomes (entire DNA) of individual organisms. Goals, principles and types of genome analysis are covered in a traditional lecture course. Computational tools for genome analysis (bioinformatics) are presented in both lecture and hands-on (computer laboratory) settings.
Credit Restriction: Students may not receive credit for both 480 and 540.
(RE) Prerequisite(s): Biology 240.

REVISE DESCRIPTION, (DE) PREREQUISITE(S), REGISTRATION RESTRICTION, AND REGISTRATION PERMISSION

401 Undergraduate Research in Microbiology (3) Research experiences in laboratory of faculty member.
(DE) Prerequisite(s): 310, 319, 320, and 329.
Registration Restriction(s): minimum student level—junior.
Registration Permission: consent of instructor and department head.

REVISE TITLE, DESCRIPTION, REGISTRATION RESTRICTION, REGISTRATION PERMISSION, AND DELETE COMMENT

402 Advanced Undergraduate Research in Microbiology (4) Supervised research. May be taken to satisfy honors thesis.
Registration Restriction(s): minimum student level—junior.
Registration Permission: consent of instructor and department head.

REVISE CREDIT HOURS AND REPEATABILITY

491 Foreign Study (1-9)
Repeatability: May be repeated. Maximum 9 hours.

492 Off-Campus Study (1-9)
Repeatability: May be repeated. Maximum 9 hours.

493 Independent Study (1-9)
Repeatability: May be repeated. Maximum 9 hours.

DEPARTMENT OF MODERN FOREIGN LANGUAGES AND LITERATURES

ADD NEW ACADEMIC DISCIPLINE

(686) Modern Foreign Languages and Literatures

Add

199 Language and World Business (2). Examines the importance of foreign trade at the local, state, and national levels. Interdisciplinary faculty from the Colleges of Business Administration and Arts and Sciences provide an overview of the value of language study and international cultural awareness in the program in world business. See Director for further information.

200 Solo Class (0)
Grading Restriction(s): Satisfactory/No Credit grading only.

REPEATABILITY CLARIFICATION
310 Practical Experience in Arts Management (3)
Repeatability: May be repeated. Maximum 6 hours.

REQUEST APPROVAL FOR VARIABLE TITLE
421 Special Topics in Performance (1-3)

431 Special Topics in Pedagogy (1-3)

(711) Music Jazz
REVISE DESCRIPTION
140 Jazz Piano II (1) Harmonic language of jazz. Interpretation of chord symbols, formulae for voicing chords, chord progressions, and construction of bass lines.

210 Jazz Improvisation I (2) Study of application and principles of improvisation, including nomenclature, chord progressions, chord-scales, patterns, melodic development, and tune styles.
220 Jazz Improvisation II (2) Study of application and principles of improvisation, including nomenclature, chord progressions, chord-scales, patterns, melodic development, and solo transcription.

REVISE TO ADD DESCRIPTION

310 Jazz Composition and Arranging (2) Composing and arranging in the jazz idiom.

REVISE TO DELETE REGISTRATION PERMISSION AND ADD REGISTRATION RESTRICTION

420 Jazz Pedagogy (1)
Registration Restriction: Bachelor of Music—music major/studio music and jazz concentration.

(712) Music Keyboard

REVISE DESCRIPTION

110 Class Piano I (1) Development of keyboard skills in keyboard reading, improvisation, harmonization, transposition, technique, and repertoire.

120 Class Piano II (1) Keyboard skills in reading two keyboard textures, improvisation, harmonization, transposition, technique, accompaniments.

210 Class Piano III (1) Keyboard skills in reading hymn texture, improvisation, harmonizing with secondary dominants, transposition, accompaniments for major instrument.

220 Class Piano IV (1) Completes the piano competency requirement. Open score reading, 203 accompaniments for the major instrument.

340 Piano Pedagogy I (3) Survey of elementary pedagogical methods and materials with emphasis on learning styles for motivation and reading both lead sheet and notation systems; collateral teaching experience.

350 Piano Pedagogy II (3) Survey of intermediate pedagogical materials and methods with emphasis on how to empower the student to play musically, to improvise, and to read in several keyboard textures; collateral teaching experience.

360 Piano Pedagogy III (3) Intermediate to advanced methods and materials related to the development of principals of learning.

370 Piano Pedagogy IV (3) Discussion of problems and experiences in teaching practicum. Observation of teaching of all ages. Overview of the business aspects of private teaching.

REVISE DESCRIPTION, REMOVE (RE) PREREQUISITE, ADD (RE) COREQUISITE

460 The Organ and Its Literature I (3) Development of the organ and organ literature from the Middle Ages to approximately 1750; problems of style and interpretation; pedagogical literature and methods.
(Re) Corequisite(s): Musicology 110.

470 The Organ and its Literature II (3) Development of the organ and organ literature from 1750 to the present; problems of style and interpretation; pedagogical literature and methods.
(Re) Corequisite(s): Musicology 110.

REVISE DESCRIPTION

485 Suzuki Piano Method I (2) Study of the philosophy, procedures, and literature of the Suzuki Piano Methods Books I and II.

REVISE DESCRIPTION AND REMOVE REGISTRATION PERMISSION

495 Suzuki Piano Method II (2) Study of procedures and literature of the Suzuki Piano Method Books 3 and above.

(713) Music Performance

REVISE REGISTRATION RESTRICTION

183 Guitar (1-3)
Registration Restriction(s): Bachelor of Music—music major/studio music and jazz concentration.

184 Guitar (1-3)
Registration Restriction: Bachelor of Music—music major/studio music and jazz concentration.

283 Guitar (1-3)
Registration Restriction(s): Bachelor of Music—music major/studio music and jazz concentration.
284 Guitar (1-3)  
Registration Restriction(s): Bachelor of Music—music major/studio music and jazz concentration.

383 Guitar (1-3)  
Registration Restriction(s): Bachelor of Music—music major/studio music and jazz concentration.

384 Guitar (1-3)  
Registration Restriction(s): Bachelor of Music—music major/studio music and jazz concentration.

483 Guitar (1-3)  
Registration Restriction(s): Bachelor of Music—music major/studio music and jazz concentration.

484 Guitar (1-3)  
Registration Restriction(s): Bachelor of Music—music major/studio music and jazz concentration.

(714) Music Theory

REVISE DESCRIPTION, REMOVE (RE) PREREQUISITE, ADD RECOMMENDED BACKGROUND

110 Theory I (3) Materials of music including basic elements through non-chord tones and 6/4 chords. Exercises in analysis, composition, and improvisation of music with emphasis on common practice.  
Recommended Background: successful completion of music theory placement test.

REVISE DESCRIPTION AND ADD COMMENT

120 Theory II (3) Materials of music through secondary dominants and modulation. Exercises in analysis, composition, and improvisation of music with emphasis on common practice.  
Comment(s): Grade of C or higher in 110 is required.

REVISE DESCRIPTION, CONTACT HOUR DISTRIBUTION, AND ADD COMMENT

130 Ear Training I (1) Development of proficiency in sight singing short melodies and identifying melodic intervals, scales, triads and the dictation of short diatonic melodic models.  
Contact Hour Distribution: includes lab hours.  
Comment(s): Grade of C or higher in 100 or 105 is required.

140 Ear Training II (1) Development of proficiency in sight singing longer melodies and identifying harmonic intervals, triads, cadence types and the dictation of longer diatonic melodic models.  
Contact Hour Distribution: includes lab hours.  
Comment: Grade of C or higher in 130 is required.

REVISE DESCRIPTION AND ADD COMMENT

210 Theory III (3) Materials of music through chromatic harmony and modulation. Exercises in analysis, composition, and improvisation of music with emphasis on common practice.  
Comment(s): Grade of C or higher in 120 is required.

220 Theory IV (3) Materials of music from the dissolution of functional harmony to contemporary compositional techniques. Exercises in analysis, composition, and improvisation of music.  
Comments: Grade of C or higher in 210 is required.

REVISE DESCRIPTION, ADD CONTACT HOUR DISTRIBUTION, AND COMMENT

230 Advanced Ear Training III (1) Development of proficiency in sight singing melodies, identifying seventh chords, dictation of diatonic harmonic progressions and diatonic melodic models.  
Contact Hour Distribution: includes lab hours.  
Comments: Grade of C or higher in 140 is required.

240 Advanced Ear Training IV (1) Development of proficiency in sight singing melodies, dictation of diatonic harmonic progressions and melodic models.  
Contact Hour Distribution: includes lab hours  
Comments: Grade of C or higher in 230 is required.

REPEATABILITY CLARIFICATION

493 Independent Study in Music Theory (1-15)  
Repeatability: May be repeated. Maximum 15 hours.

(715) Music Voice

REVISE DESCRIPTION

250 Diction II (2) Sounds by phonetic symbols. Opera and art songs used for examples. Emphasis placed on German, French, and Latin diction. Performance practice.

(706) Musicology

REVISE TO REMOVE COMMENT

★115 Music in the United States (3) (AH)

★125 Jazz in American Culture (3) (AH)

REVISE TITLE, DESCRIPTION, (RE) PREREQUISITE, AND ADD REGISTRATION PERMISSION

★210 History of Western Music, Ancient to the Baroque (3) Historical study of musical styles, practices, theories and context of European art music to 1750. Develops skills in independent research, critical thinking and expository writing. Writing-emphasis course. (AH)
(Re) Prerequisite(s): 110.
Registration Permission: consent of instructor.

★220 History of Western Music, Classical to the Present (3) Historical study of musical styles, practices, theories, and context of European art music from 1750 to present. Develops skills in independent research, critical thinking and expository writing. Writing-emphasis course. (AH)
(Re) Prerequisite(s): 110.
Registration Permission: consent of instructor.

REVISE TITLE AND DESCRIPTION

★290 Soundscapes: Exploring Music in a Changing World (3) An introduction to music within expressive culture and as a part of peoples’ daily lives around the world. Focuses on music as sound, its role in conceptions of identity, migration and global social processes, personal and community memory, politics and power. (AH)

REVISE DESCRIPTION

★330 Women in Music (3) Interdisciplinary survey of music as a gendered construct in varying cultural contexts, including western European art music, American popular music, and others. Explores gendered roles in composition, performance, and social and musical institutions from the point of view of historical, cultural, feminist, and queer interpretations. (Same as Women’s Studies 330.) (WC)

340 Contemporary Trends in American Church Music I (2) The history and analysis of popular, contemporary sacred music, with an emphasis on theory and keyboard harmony.

341 Contemporary Trends in American Church Music II (2) Continuation of the history and analysis of popular, contemporary sacred music, with an emphasis on composition and arranging.

REVISE DESCRIPTION, COMMENTS, ADD RECOMMENDED BACKGROUND, REMOVE REGISTRATION PERMISSION

400 Music History Survey (3) Condensed survey of the history of western European musical traditions from the medieval era to the present, including socio-political events that shape musical practice. Explores musical genres and styles, as well as key themes in musicological research.
Recommended Background: 100-level musicology course.
Comment(s): Recommended as a review course for graduate students. Does not count for graduate credit.

REVISE TITLE AND DESCRIPTION

410 Studies in Genre (3) Historical, cultural, analytical, and musicological issues related to a single musical genre, style, or repertory. Topics vary.

REVISE DESCRIPTION, ADD REGISTRATION PERMISSION

420 History of Opera (3) The development of opera from its inception to the present. Readings and discussion focus on an understanding of the historical trajectory of opera, both as a musico-theatrical work and as a cultural practice.
Registration Permission: consent of instructor.

REVISE TITLE AND DESCRIPTION

★430 History of the Symphony (3). Overview of orchestral repertories from 1600 to the present.
Registration Permission: consent of instructor.

REVISE DESCRIPTION, ADD REPEATABILITY, AND REQUEST APPROVAL FOR VARIABLE TITLE

450 Composer Seminar (3). Biographical, historical, and cultural study of a composer, or a group of related composers. Topics vary.
Repeatability: May be repeated. Maximum 6 hours.
DEPARTMENT OF PHILOSOPHY

(745) Philosophy

REPEATABILITY CLARIFICATION

492 Off-Campus Study (1-15)
Repeatability: May be repeated. Maximum 15 hours.

491 Foreign Study (1-15)
Repeatability: May be repeated. Maximum 15 hours.

493 Independent Study (1-15)
Repeatability: May be repeated. Maximum 15 hours.

DEPARTMENT OF PHYSICS AND ASTRONOMY

(773) Physics

REVISE TITLE AND DESCRIPTION

★101 How Things Work I (3) Examines familiar objects of everyday experience and leads to an understanding of the physical principles that make them work. Laws of motion, mechanical objects, fluids, and heat. (NS)

REVISE TITLE, DESCRIPTION, AND COMMENT

★102 How Things Work II (3) Examines familiar objects of everyday experience and leads to an understanding of the physical principles that make them work. Electric and magnetic forces, electronics, lights and optics, and an introduction to modern physics. (NS)
Comment(s): For students with majors outside science. Physics 101 is not prerequisite for Physics 102.

REVISE TITLE AND DESCRIPTION

★135 Introduction to Physics for Physical Science and Mathematics Majors I (4) Calculus-based physics of mechanics and waves. (NS)

★136 Introduction to Physics for Physical Science and Mathematics Majors II (4) Calculus-based physics of thermodynamics, electricity, magnetism, and optics. (NS)

REVISE TITLE AND ADD DESCRIPTION

★137 Honors: Fundamentals of Physics for Physics Majors I (5) Calculus-based physics of mechanics, sound, waves and thermodynamics. (NS)

★138 Honors: Fundamentals of Physics for Physics Majors II (5) Calculus-based physics of electricity, magnetism, and optics. (NS)

REVISE TITLE AND DESCRIPTION

441 Contemporary Physics I (3) An introduction to the major fields of contemporary physics—quantum mechanics, atomic and molecular physics, electromagnetic radiation, lasers, quantum fluids.

442 Contemporary Physics II (3) An introduction to the major fields of contemporary physics—solid state physics, magnetism, nuclear physics, medical imaging, particle physics, cosmology.

453 Team Research Project I (3) Student teams will choose the topic in consultation with the instructor and develop a plan for the project. Each team will carry out the project with regular oral and written progress reports, culminating in a final report.

454 Team Research Project II (3) Student teams will carry out major experimental or computational projects planned and begun in 453, producing regular oral and written progress reports, culminating in a final report.

305 Modern Religious Thought (3)
353 Topics in African-American Religion (3)

DEPARTMENT OF SOCIOLOGY
(915) Sociology

ADD
260 Introduction to the Study of Environmental Issues (2) Examination of selected environmental issues and their significance in contemporary societies. Demonstrates the utility of combining sociological and humanistic perspectives of the environment with the more traditional biophysical perspectives. Writing-emphasis course.
REVISE PRIMARY COURSE TO DROP CROSS-LISTING
464 Urban Ecology (3)

DEPARTMENT OF THEATRE
(976) Theatre

ADD
325 Fundamentals of Musical Theatre (3) Introduction to musical theatre, including; reading music, singing techniques, basic dance, and an overview of musical theatre styles. 
(RE) Prerequisite(s): 220.

REVISE DESCRIPTION TO REMOVE WRITING-EMPHASIS DESIGNATION
262 Fundamentals of Lighting Design and Technology (2) Introduce the elements of theatre lighting design, basic technology and the design process. Hands on and lab intensive.

REVISE TITLE, ADD (RE) PREREQUISITE, AND DELETE REPEATABILITY
425 Advanced Musical Theatre (3)
(RE) Prerequisite(s): 325.

REPEATABILITY CLARIFICATION
410 Special Studies in History, Literature, and Criticism (3) 
Repeatability: May be repeated. Maximum 6 hours.

491 Foreign Study (1-15)
Repeatability: May be repeated. Maximum 15 hours.

492 Off-Campus Study (1-15)
Repeatability: May be repeated. Maximum 15 hours.

493 Independent Study (1-15)
Repeatability: May be repeated. Maximum 15 hours.
PART II: PROGRAM CHANGES

REVISE DISTRIBUTION REQUIREMENTS

PART A: DIVISIONAL DISTRIBUTION REQUIREMENTS

Add to Natural Science, List B:
Astronomy 152
Mathematics 231

Add to Social Science, List B:
Geography 340
Sociology 260

Add to Humanities, List A: Literature:
English 206

Add to Humanities, List C: Study or Practice of the Arts:
Music Theory 100
University Honors 157, 257

PART B: UPPER LEVEL DISTRIBUTION REQUIREMENTS

Add to List A: United States Studies:
Economics 331, 333, 361, 362, 371

Drop from List A: United States Studies:
Economics 462, 471
Urban Studies 441

Add to List B: Foreign Studies, Critical Issues in Foreign Studies:
Cinema Studies 482
Economics 322
Global Studies 482
Mathematics 400
Modern Foreign Languages and Literatures 482

MEDICAL TECHNOLOGY

REVISE MEDICAL TECHNOLOGY MAJOR

On page 85 of the 2005-2006 Undergraduate Catalog, Medical Technology Major, add the following sentence to the first paragraph in the description.

Admission to the clinical year is at the discretion of the Admissions Committee of the Medical Technology Program at the UT Medical Center; admission to and successful completion of the program below does not assure admission to the clinical phase of the Medical Technology Program.

On page 85 of the 2005-2006 Undergraduate Catalog, Medical Technology Major, showcase, First Year, revise the Communication Studies line to

Communicating Orally (OC) course*.............................................................................................................. 3

Formerly: Communication Studies 210 or 240.......................................................................................... 3

PRE-PROFESSIONAL PROGRAMS

REVISE PRE-DENTAL CONCENTRATION

On page 85 of the 2005-2006 Undergraduate Catalog, revise to

Pre-Dental Concentration
The college offers a three-year program leading to a Bachelor of Science degree and a four-year program leading to a Bachelor of Arts or Science degree for students preparing for the study of dentistry at UT Health Science Center, Memphis. The Doctor of Dental Surgery (DDS) degree is conferred by the College of Dentistry upon completion of four years of professional study at Memphis after completing either of the two programs options. Bulletins describing the pre-dental program options in detail may be obtained from Arts and Sciences Advising Services.

The three-year program leading to a Bachelor of Science degree with a major in pre-professional programs from the University of Tennessee, Knoxville, is based upon the program outlined below. In the three-year program, the student must complete at least 90 prescribed credit hours while enrolled in the College of Arts and Sciences, and the Bachelor of
Science degree is granted upon satisfactory completion of the first year of study in Memphis. The requirement for a major is waived for those taking their fourth year at the University of Tennessee Health Science Center, Memphis. Students must complete the last 30 hours of credit in residence at the University of Tennessee, Knoxville, before enrolling in the College of Dentistry. Admission to the College of Dentistry is at the discretion of that college; admission to and successful completion of the program below does not assure admission to the College of Dentistry. Although the Bachelor of Arts/Bachelor of Science is not required for admission to the College of Dentistry, most students accepted into the study of dentistry have the baccalaureate degree before admission. Therefore, pre-dental students are encouraged to plan to complete all requirements for the degree before enrolling in the College of Dentistry.

*Meets University General Education Requirement.

1Pre-dentistry students who have previously completed Biology 101 and 102 may substitute this sequence for Biology 130.

2Mathematics placement depends on high school courses and grades, ACT scores, the Mathematics placement exam, and BA/BS requirements. Mathematics 130 or any calculus course is a prerequisite to physics. At least two courses must satisfy the University General Education Requirement in Quantitative Reasoning.

3This plan assumes a student has had enough language background in high school to begin an intermediate language sequence at UTK.

4BS students must complete a minimum of two courses from the three lists under the humanities requirement; not more than one course may be taken from List C. The two courses must satisfy the University’s General Education requirement in Arts and Humanities.

5BS students must complete a minimum of two courses from two departments. The two courses must satisfy the General Education Requirement in Social Sciences.

6Recommended electives include Biology 240; Microbiology 310-319; BCMB 230, 330-331, 421; EEB 350; Anthropology 480, 485. Courses such as economics, philosophy, psychology, social science, and other arts and sciences courses are also recommended to provide the applicant with a well-rounded education.

REVISE PRE-MEDICAL CONCENTRATION

On page 86 of the 2005-2006 Undergraduate Catalog, revise to

Pre-Medical Concentration

The college offers a three-year program leading to the Bachelor of Science degree and a four-year program leading to a Bachelor of Arts or Science degree for students preparing for the study of medicine at UT Health Science Center, Memphis. The Doctor of Medicine (MD) degree is conferred by the College of Medicine upon completion of four years of professional study at Memphis after completing either of the two programs options. Bulletins describing the pre-medical program options in detail may be obtained from Arts and Sciences Advising Services.

The three-year program leading to a Bachelor of Science degree with a major in pre-professional programs from the University of Tennessee, Knoxville is based upon the program outlined below. In the three-year program, the student must complete at least 90 prescribed credit hours while enrolled in the College of Arts and Sciences, and the Bachelor of Science degree is granted upon satisfactory completion of the first year of study in Memphis. The requirement for a major is waived for those taking their fourth year at the University of Tennessee Health Science Center, Memphis. Students
must complete the last 30 hours of credit in residence at the University of Tennessee, Knoxville, before enrolling in the
College of Medicine. Admission to the College of Medicine is at the discretion of that college; admission to and successful
completion of the program below does not assure admission to the College of Medicine. Although the Bachelor of
Arts/Bachelor of Science is not required for admission to the College of Medicine, most students accepted into the study
of medicine have the baccalaureate degree before admission. Therefore, pre-medical students are encouraged to plan to
complete all requirements for the degree before enrolling in the College of Medicine.

*Distribution .................................................................................................................. 9
*Electives ...................................................................................................................... 9

2 ...and Upper Level Distribution (3 hours in U.S. Studies and 3 hours in Foreign Studies).

REVISE CHEMISTRY MAJOR (BACHELOR OF SCIENCE)
On page 99 of the 2005-2006 Undergraduate Catalog, revise to

The major consists of Chemistry 240, 310, 319, 350-360, 369, 471-481 or 473-483, 479 and 10 hours of additional work in chemistry numbered above 200 that includes at least one laboratory course or lecture/laboratory course; up to 4 hours of Biochemistry and Cellular and Molecular Biology 401-402 or Geology 460 may be applied to the 10-hour requirement.

DEPARTMENT OF CLASSICS

ADD HONORS CLASSICAL CIVILIZATION CONCENTRATION
On page 99 of the 2005–06 Undergraduate Catalog, 2nd column, insert between Classical Civilization Concentration and Minor in Classical Civilization.
Honors Classical Civilization Concentration
The honors classical civilization concentration consists of 29 hours. The required core of the concentration is Classics 201 plus 9 hours from the following—Classics 221-222 (3-3), Classics 232 (3), Classics 253 (3). Fifteen hours must include Classics 251-252 or 261-264 with the remaining 9 hours drawn from any classics course numbered 300 or above, History 366, or Philosophy 320. The student must pass Classics 201 with a B+ or better and the final course in the intermediate Latin or Greek sequence (252 or 264) with a B+ or better. To graduate with honors, the student must maintain a GPA of at least 3.5 in classics courses and a minimum cumulative GPA of 3.0. The student must also present an honors thesis, for which 2 hours of independent study credit may be earned.

ADD HONORS GREEK CONCENTRATION
On page 100 of the 2005–06 Undergraduate Catalog, 1st column, insert between Greek Concentration and Minor in Greek.

Honors Greek Concentration
The honors Greek concentration consists of 29 hours. Eighteen hours of Greek language courses numbered above 200 are required, plus 9 hours from the following—any courses in the Classics Department (other than Greek 121-122, Classics 201, Classics 273). The student must maintain a minimum GPA of 3.5 in Greek language courses and a minimum cumulative GPA of 3.0. In addition, of the 9 hours described above, six must be in courses numbered 300 or higher. The student must also present an honors thesis, for which 2 hours of independent study credit may be earned.

ADD HONORS LATIN CONCENTRATION
On page 100 of the 2005–06 Undergraduate Catalog, 1st column, insert between Latin Concentration and Minor in Latin.

Honors Latin Concentration
The honors Latin concentration consists of 29 hours. Eighteen hours of Latin language courses numbered above 200 are required, plus 9 from the following—any courses in the Classics Department (other than Latin 111-112, Latin 150, Classics 201, Classics 273). The student must maintain a minimum GPA of 3.5 in Latin language courses and a minimum cumulative GPA of 3.0. In addition, of the 9 hours described above, 6 must be in courses numbered 300 or higher. The student must also present an honors thesis, for which 2 hours of independent study credit may be earned.

DEPARTMENT OF ECONOMICS
REVISE INTRODUCTORY CATALOG TEXT
On page 102 of the 2005-2006 Undergraduate Catalog, 2nd column, Department of Economics, revise 1st section to

The program in economics combines a broad liberal education with the rigorous study of important topics such as markets, employment, economic growth, business organization, wealth, inflation, health, environment, taxes, and the international economy.

Courses offered in the Department of Economics, housed in the College of Business Administration, provide an opportunity for a major or minor in economics in the College of Arts and Sciences.

REVISE ECONOMICS MAJOR
On page 102 of the 2005-2006 Undergraduate Catalog, 2nd column, revise to

Prerequisites to the major are Economics 201 and Statistics 201, or their equivalent Honors courses (Economics 207 and/or Statistics 207).

The major consists of 27 upper-division hours in economics, and must include 311, 313, 499 and at least 9 hours in addition to 499 at the 400-level. Majors should satisfy the Mathematics and Quantitative Reasoning requirement with either Mathematics 125 or 141, and Statistics 201 (207). Students planning to pursue graduate study in economics should elect Mathematics 141, and are encouraged to take Mathematics 142 and 251 and Economics 381 and 482 as well.

REVISE HONORS ECONOMICS CONCENTRATION
On page 102 of the 2005-2006 Undergraduate Catalog, 2nd column, revise to

Admission is limited to students with an overall GPA of 3.2 who have earned a B or better in Economics 311, 313, and two other upper-division economics courses. Requirements are 311, 313, 498, and eighteen additional upper-division hours in economics, with at least nine hours in addition to 498 at the 400-level. Students will develop an undergraduate thesis topic with the guidance of their faculty advisor and complete the thesis while registered for Economics 498. Interested students should contact their advisor concerning details of participation.
REVISE ECONOMICS MINOR
On page 102 of the 2005-2006 Undergraduate Catalog, revise to

A minor consists of Economics 201 (or 207) and 12 additional hours at the upper-division level. Upper-division economics courses must include 311, 313, and 3 or more hours at the 400-level.

INTERDISCIPLINARY PROGRAMS

REVISE INTRODUCTORY CATALOG TEXT
On page 106 of the 2005-2006 Undergraduate Catalog, 1st sentence, revise to

These programs are as follows: Africana studies, American studies, Asian studies, cinema studies, comparative literature, environmental studies, global studies, Judaic studies, Latin American studies, legal studies, linguistics, medieval studies, and women’s studies.

REVISE ENVIRONMENTAL STUDIES CONCENTRATION
On page 107 of the 2005-2006 Undergraduate Catalog, revise (a) in first bullet to

(a) 15 hours from Geography 345, Sociology 360 or 464 or 465 (one only), Philosophy 245, Economics 462 or Agricultural Economics 470 (one only), Agriculture and Natural Resources 333, Journalism and Electronic Media 451, Geology 490;

REVISE GLOBAL STUDIES CONCENTRATION
On page 107 of the 2005-2006 Undergraduate Catalog, 2nd column, Global Studies Concentration, revise first sentence in 3rd paragraph to

Global Studies 250 is a prerequisite to the concentration which requires 29-30 credit hours in the form of 10 courses.

Track I (Global Society and Culture)
Change Music History 290 to Musicology 290
Remove Comparative Literature 203 (Track I – Global Society and Culture)

Remove Political Science 472 from courses listed under Track II – Global Politics and Economy

Remove Geography 372 from courses listed in second bullet (regional studies).

REVISE GLOBAL STUDIES MINOR
On page 108 of the 2005-2006 Undergraduate Catalog, Minor in Global Studies, revise 1st sentence to

Global Studies 250 is a prerequisite to the minor in global studies which requires 17-18 credit hours distributed in the following manner:

DROP URBAN STUDIES CONCENTRATION

DROP URBAN STUDIES MINOR
On page 110 of the 2005-2006 Undergraduate Catalog, delete the urban studies concentration and minor.

DEPARTMENT OF MATHEMATICS

REVISE MATHEMATICS MAJOR
On page 111 of the 2005-2006 Undergraduate Catalog, 2nd column, revise (2) to

(2) eight additional courses at the 300-400 level (except 399, 403, 405, 490, 497 and 498) satisfying the following conditions.

INSERT CATALOG TEXT
On page 112 of 2005-2006 Undergraduate Catalog, 2nd column, after the sample program showcase for Accelerated/5th Year Master of Science, insert the following:

5th Year Master of Science in Statistics
Students may earn a Bachelor of Science in Mathematics and a Master of Science in Statistics in five years following a similar program as above. For more information contact the Department of Statistics, Operations and Management Science.
REVISE HONORS MATHEMATICS CONCENTRATION
On page 113 of 2005-2006 Undergraduate Catalog, revise 3rd sentence in 3rd paragraph to
Honors students must also maintain a 3.4 cumulative GPA in all upper-division mathematics courses and write a thesis (normally while enrolled in Mathematics 498) and . . .

REVISE MATHEMATICS MINOR
On page 113 of 2005-2006 Undergraduate Catalog, revise 2nd sentence to
The minor consists of Mathematics 231, 241, 251, 300 and nine additional hours at the 300-400 level (except 399, 405, 490, 497 and 498).

DEPARTMENT OF MODERN FOREIGN LANGUAGES AND LITERATURES

REVISE CONCENTRATION IN LANGUAGE AND WORLD BUSINESS—CHINESE
On page 115 of the Undergraduate Catalog, 2nd column, Language and World Business, A. Language Requirements, 1st bullet, revise to
The Chinese concentration consists of 30 hours. The following are required: Asian Languages 231, 232, 331, 332, three hours of Asian Languages 490 or 491, and 9 hours of courses from the following: Asian Languages 311, 312, 315, History 389, 390, 391, 476, Political Science 454, Religious Studies 376, 379 (or other course approved by the Asian Studies Advisor).

REVISE LANGUAGE AND WORLD BUSINESS CATALOG TEXT
On Page 116 of the Undergraduate Catalog, 1st column, B. Professional Emphasis, 1st bullet, bracketed sentence, revise to
[For instance, Mathematics 125 or 141 is a prerequisite to Statistics 201.]

REVISE LANGUAGE AND WORLD BUSINESS PRACTICAL EXPERIENCE REQUIREMENT
On Page 116 of the Undergraduate Catalog, 2nd column, C. Practical Experience, revise to
C. Practical Experience
Each Language and World Business student must undertake an internship (490), study abroad (491), or a relevant research project (493) for a minimum of three hours (included in major requirements).

Additionally, language and world business students must consult an advisor in the department in selecting relevant courses under the basic skills and distribution requirements for the college.

Students interested in the language and world business program should contact the director for advising as early as possible in their college careers. The academic record presented will be assessed by the Director of Language and World Business. Minimum requirements for entrance and progression to the major are a 2.75 cumulative average in all courses, and a 3.0 average in language courses. Modern Foreign Languages and Literatures 199 is a prerequisite for the program. Program standards are adjusted periodically, and current requirements are available from the Director of the Language and World Business Program.

For further information, inquire at 701 McClung Tower.

SCHOOL OF MUSIC

REVISE CATALOG TEXT
On page 117 of the 2005-2006 Undergraduate Catalog, 2nd column, 1st paragraph, revise mission statement to
The mission of the School of Music is to provide the highest quality instruction in the musical arts and to cultivate creative activity and research in the areas of composition, education, musicology, pedagogy, performance, and theory. As part of its mission, the school enriches the musical and educational lives of its students, the university community and citizens of Tennessee.

DEPARTMENT OF POLITICAL SCIENCE

REVISE PUBLIC ADMINISTRATION CONCENTRATION
On page 130 of the 2005-2006 Undergraduate Catalog, 2nd column, Public Administration Concentration, revise 4th sentence, to

Students must complete Political Science 340 and 401; two courses from Political Science 440, 441, 442; and two courses from Accounting 200 or 207, Economics 371, 472.

DEPARTMENT OF RELIGIOUS STUDIES

REVISE RELIGIOUS STUDIES MAJOR
On page 131 of the 2005-2006 Undergraduate Catalog, 2nd column, revise to

Majors will be required to take 27 hours, all of which must be at the 300 level or above, including Religious Studies 300, two courses from categories I, II, and III, one course from category IV, and one 400-level course. The major shall not include related language courses. The two courses required in categories I, II, and III must be from two different subcategories within those categories.

I. West Asia and Europe (choose one from two subcategories)
   - Judaism—choose from 311, 312, 381, 385, 386
   - Christianity—choose from 321, 322
   - Islam—choose from 332, 333

II. Africa and the Americas (choose one from two subcategories)
   - African Religions—choose from 302, 373
   - North American Religions—choose from 351, 355
   - African-American and African Diaspora Religions—choose from 352, 353

III. South, Southeast, and East Asia (choose one from two subcategories)
   - South Asia—choose from 313, 374, 376
   - Southeast Asia—choose from 376, 378, 382
   - East Asia—choose from 379, 380, 383, 384

IV. Methods and Issues in Religious Studies (choose one)
   - Choose from 301, 302, 305, 320, 342
DEPARTMENT OF STATISTICS

REVISE STATISTICS MAJOR

On page 133 of the 2005-2006 Undergraduate Catalog, Department of Statistics, Statistics Major, revise 1st line to

Prerequisites to the major are Mathematics 141-142. The major requires 33 semester hours including

On page 133 of the 2005-2006 Undergraduate Catalog, Department of Statistics, Statistics Major, revise 4th bullet to

Mathematics 241-251 or upper-division Mathematics

I. COURSE CHANGES

(205) Business Administration

DROP

101 Approaches to the College of Business Administration (1)

DEPARTMENT OF ACCOUNTING AND INFORMATION MANAGEMENT

(558) Information Management

REVISE DESCRIPTION, DROP (RE) PREREQUISITE, ADD (RE) COREQUISITE

341 Business Process Analysis (3) Topics include strategic uses of information technology in business processes, analysis of business processes (including transaction processing cycles), analysis of business process risk exposures and controls, and conceptual modeling and the development of information systems.
(RE) Corequisite(s): Business Administration 342.

REVISE DESCRIPTION

342 Introduction to Database Systems (3) Fundamentals of database technology, database design, database use, database system controls, and database implementation. Focus is on developing the technical and business skills necessary to successfully gather information and improve business processes in technology-driven environments. Students work with modern database management systems software and develop database project management skills.

443 Business Applications and Tools (3) Fundamentals of business application logic, business application architectures, and project management. Students learn to apply advanced tools associated with spreadsheets and databases, including the creation of objects, arrays, macros, and modules (using Visual Basic algorithms), for use in the design and development of object-oriented applications.

DEPARTMENT OF ECONOMICS

(283) Economics

ADD AND REQUEST APPROVAL FOR VARIABLE TITLE

300 Special Topics I (3) Variable topics treated at the introductory level.
(RE) Prerequisite(s): 201 or 207.

ADD

312 Managerial Economics (3) Microeconomic fundamentals of managerial decision-making and strategy intended for business students. Topics include supply and demand interactions, production and cost, consumer behavior and demand, optimization, market structure, pricing strategy, risk and uncertainty, and game theory.
Credit Restriction: Students may not receive credit for both Economics 311 and 312.
(RE) Prerequisite(s): 201 and Statistics 201.
Registration Restriction(s): majors in the College of Business Administration.

322 The Global Economy: Trade and Development (3) Analyses of international trade and finance, and their effects on economic development. Course utilizes a policy-oriented approach drawing upon introductory economic principles. Overview of relevant topics such as theories of economic development, poverty and income inequality, comparative advantage and commodity composition of trade, regional economic integration, foreign investment, finance, and debt. Writing-emphasis course.
Credit Restriction: Students may not receive credit for both Economics 322 and 329.
(RE) Prerequisite(s): 201 or 207.

333 Law and Economics (3) Analysis of legal decisions and rulings as they affect the allocation and distribution of resources in the economy. Topics include property law, contracts, torts and administrative law, with applications drawn from various areas in economics and case law. Writing-emphasis course.
(RE) Prerequisite(s): 201 or 207.

362 Environmental and Natural Resource Policy (3) Application of introductory microeconomic principles to contemporary environmental and natural resource policy issues such as air pollution, global climate change, population growth, forest management, and endangered species protection. Writing-emphasis course.
(RE) Prerequisite(s): 201 or 207.
371 Public Finance: Expenditure Analysis (3) Problems of collective consumption, external effects, public investment, social decision making. Writing-emphasis course.  
(RE) Prerequisite(s): 201 or 207.

421 International Economics (3) Balance of payments, exchange rate determination, monetary and fiscal policies, monetary arrangements, comparative advantage, tariff and non-tariff trade distortions, protection arguments, and regional integration, with analyses based upon intermediate-level economic theory.  
(RE) Prerequisite(s): 311.

441 Labor Economics (3) Extension of economic principles to labor markets, public policy questions, demand and supply, theory of wage differentials, unemployment, unions in the private sector, investment in individuals, education and training, mobility.  
(RE) Prerequisite(s): 311.

463 Environmental Economics (3) Economic foundations for public decision-making about environmental resources, utilizing tools from intermediate microeconomic theory. Emphasis on the welfare economic approach for the provision of public goods, with specific emphasis on market failure, externalities, benefit-cost analysis, and methods for valuing environmental resources and human health.  
(RE) Prerequisite(s): 311.

498 Honors Thesis (3) Completion of undergraduate thesis.  
Registration Restriction(s): honors economics concentration.  
Registration Permission: consent of faculty advisor.

DROP

321 International Economics (3)

323 Economic Development (Third World) (3)

341 Survey of Labor Economics (3)

462 Economics of Resources and Environmental Policy (3)

471 Public Finance: Optimal Government Functions and Expenditure Analysis (3)

REVISE DESCRIPTION, (RE) PREREQUISITES, AND ADD CREDIT RESTRICTION

311 Intermediate Microeconomics (3) Theories of consumer behavior, of production and costs, of price and behavior of firms in perfectly competitive, monopolistic and imperfectly competitive markets, input prices, income distribution, welfare and general equilibrium.  
Credit Restriction: Students may not receive credit for both Economics 311 and 312.  
(RE) Prerequisite(s): 201 and Statistics 201.

REVISE (RE) PREREQUISITES

313 Intermediate Macroeconomics (3)  
(RE) Prerequisite(s): 201 and Statistics 201.

REVISE DESCRIPTION, CREDIT RESTRICTION, AND ADD COMMENTS

Credit Restriction: Students may not receive credit for both 322 and 329.  
Comment(s): Students must in the international business collateral or dual concentration.

REVISE DESCRIPTION TO ADD WRITING-EMPHASIS DESIGNATION

331 Government and Business (3) Antitrust and regulatory economics, problems in regulation and social control of business organization, oligopoly models. Writing-emphasis course.

DROP (RE) PREREQUISITES AND ADD (RE) COREQUISITE

351 Monetary Economics (3)  
(RE) Corequisite(s): 313.

REVISE DESCRIPTION TO ADD WRITING-EMPHASIS DESIGNATION

361 Regional and Urban Economics (3) Overview of regional differences. Theory of industrial and agricultural location and human migration, economic basis for land use patterns, central places, and urban form, regional and urban structure, growth, and methods of analysis, examination of urban problems. Writing-emphasis course.
REVISE TITLE, DROP (RE) PREREQUISITES, AND ADD (RE) COREQUISITES

381 Introduction to Econometrics (3)
(RE) Corequisite(s): 311 or 313.

REVISE TITLE, REVISE DESCRIPTION, DROP REPETITION, REVISE (RE) PREREQUISITE, ADD REGISTRATION PERMISSION, AND REQUEST APPROVAL FOR VARIABLE TITLE

400 Special Topics II (3) Variable topics for advanced students.
(RE) Prerequisites: 311 and 313.
Registration permission: consent of instructor.

REVISE TITLE AND DESCRIPTION

413 Macroeconomics: Business Cycles and Growth (3) Analysis of macroeconomic short-run fluctuations and long-term growth. Coverage will also include the role of monetary and fiscal policy on aggregate output, employment, and interest rates.

REVISE TITLE, DESCRIPTION, AND (RE) PREREQUISITES

435 Industrial Organization (3) Monopoly and competition in United States economy, interrelationship of market structure, business behavior, and economic performance.
(RE) Prerequisite(s): 311.

REVISE TO ADD (RE) PREREQUISITE

436 Economics of Health and Health Care (3)
(RE) Prerequisite(s): 311.

REVISE TITLE, DESCRIPTION, AND (RE) PREREQUISITES

472 Public Finance: Taxation and Fiscal Federalism (3) Analysis of federal, state, and local government revenue systems, to include individual and corporate income, sales, and property taxes and other tax and non-tax revenue sources. Consideration of current policy issues and relations among various levels of government.
(RE) Prerequisite: 311.

REVISE TITLE AND (RE) PREREQUISITES

482 Introduction to Mathematical Economics (3)
(RE) Prerequisite(s): 311.

REVISE TO ADD DESCRIPTION AND (RE) PREREQUISITES; REVISE CREDIT HOURS, REPETITION, AND REGISTRATION PERMISSION

492 Economics Off-Campus Study (1-3) Internship or other supervised economic experience with firm, government agency or other relevant organization. Student must seek approval from a faculty member prior to starting work, register for credit in the first semester following work completion, and write a paper describing the economic nature of the work performed.
Repeatability: May be repeated. Maximum 3 hours.
(RE) Prerequisite(s): 311 and 313.
Registration Permission: consent of faculty member.

REVISE DESCRIPTION, ADD (RE) PREREQUISITES, ADD COMMENTS, AND REVISE REGISTRATION PERMISSION

493 Independent Study (1-3) Directed research on subjects of mutual interest to student and faculty member. Student must meet with the faculty member before registering.
(RE) Prerequisite(s): 311 and 313.
Comments: GPA of 3.0 or better in economics courses required.
Registration Permission: consent of faculty member.

REVISE RECOMMENDED BACKGROUND

499 Analysis of Economic Problems (3)
Recommended Background: 9 other hours of upper-division economics courses.

350 Employee and Labor Relations (3) Evolution of and current practices related to effective workplace relations between the employer and employee. The examination of the union and nonunion environments for the organization. The establishment and maintenance of a safe, healthy, diverse and secure workplace.
(RE) Corequisite(s): Business Administration 353.
Registration Restriction(s): majors in the College of Business Administration.

460 Compensation, Benefits, and Technologies for Human Resource Management (3) Compensation and benefits including direct and indirect compensation. Total reward systems that are used by companies and the common parts of a reward system. Mandated regulations of compensation and benefits, e-HR technologies and systems used for compensation and benefits management.
(RE) Prerequisite(s): Business Administration 353.
Registration Restriction(s): majors in the College of Business Administration.

470 Staffing Organizations (3) Theory, methods, and issues pertaining to technical aspects of successful organizational staffing: legal environment, measurement and validation, performance appraisal and criterion development, selection tests, recruitment.
(RE) Prerequisite(s): Business Administration 353.
Registration Restriction(s): majors in the College of Business Administration.

492 Off-Campus Study (1-6) Practical application and classroom instruction in human resources. Aspects of career development and the transition to the corporate world.
Repeatability: May be repeated. Maximum 6 hours.
Registration Restriction(s): human resource management major.
Registration Permission: consent of instructor.

493 Independent Study (3) Readings, research, and special projects.
Repeatability: May be repeated. Maximum 6 hours.
Registration Restriction(s): majors in the College of Business Administration.
Registration Permission: consent of instructor.

(625) Management
ADD

331 Developing Managerial Skills (3). Focuses on developing the skills to manage the dynamics of organizational behavior including motivating others, decision-making, using power and influence, resolving conflict, building teams, and leading change.
(RE) Corequisite(s): Business Administration 331 or Business Administration 341.
Registration Restriction(s): majors in the College of Business Administration.

402 International Business Strategy (3) Provides an understanding of how to design and implement business and corporate strategies that will achieve sustainable competitive advantage in the international arena. Its perspective is that of the general manager who, to be successful, must balance the demands of multiple stakeholders and integrate various organizational activities and business functions into a cohesive unit. Emphasis is placed on the practical application of concepts and theories to real business situations.
Credit Restriction: Students may not receive credit for Management 401 and 402.
(RE) Prerequisite(s): Business Administration 353 and Business Law 301.
Comment(s): Students must be in the international business collateral or dual concentration.
Registration Restriction(s): majors in the College of Business Administration.

451 Business Planning (3) Integration of various functional disciplines and their application to general management of new ventures within established companies and entrepreneurial enterprises. Focuses on the components necessary for the development of a business plan.
(RE) Corequisite(s): 431.
Registration Restriction(s): majors in the College of Business Administration.

REVISE TITLE, DESCRIPTION, AND (RE) PREREQUISITE

431 Personnel Management (3) Theory, methods, and issues pertaining to successful personnel management. Course content: strategic human resource management, human resource planning, job analysis, legal issues, recruiting, measurement/decision-making issues, assessing job candidates, human resource development, performance appraisal, compensation development, safety and health, labor relations, and organizational exit.
(RE) Prerequisite(s): 331.
II. PROGRAM CHANGES

REVISE PROGRESSION REQUIREMENTS
On page 137 of the 2005-2006 Undergraduate Catalog, revise progression requirements to
Mathematics 125, 123 or 141-142 (6 or 8 hours)
Oral Communication (3 hours from Com Studies 210 or 240)
Written Communication (3 hours from English 255, 295, or 355)
Accounting 200 (3)
Economics 201 (4)
Statistics 201 (3)
Business Administration 201 (4)

ADD COLLEGE REQUIREMENT (MINIMUM GRADE OF C IN COURSES COUNTED TOWARD THE MAJOR)
On page 135 of the 2005-2006 Undergraduate Catalog, add the following sentence to paragraph 1, column 2.
A minimum grade of C must be earned in every course counted towards the major, including major, collateral, or dual concentration courses.

DROP BUSINESS STUDIES MAJOR

DEPARTMENT OF ACCOUNTING AND INFORMATION MANAGEMENT

ADD INTERNAL AUDITING DUAL CONCENTRATION
Accounting 301 (3)
Accounting 311 (3)
Accounting 411 (3)
Information Management 341 (3)

DEPARTMENT OF ECONOMICS

REVISE ECONOMICS MAJOR – TRADITIONAL OPTION
On page 140 of the 2005-2006 Undergraduate Catalog, revise Economics Major, Traditional Option
In the Third Year, replace Economics 311 with 312, a new course entitled Managerial Economics.
Amend the parenthetical expression next to Economics Electives in the Fourth Year to read "Four additional Economics courses, with at least two at the 400-level".
Revise area of focus options to reflect changes in course numbering, as follows:
Economics Major Coursework Options (choose one area of focus):
Environmental Economics – ECON 362; ECON 463
Health Economics – ECON 436; Public Health 300
International Economics – ECON 322; ECON 421
Industrial Organization – ECON 331; ECON 435
Labor Economics – ECON 441; MGT 472
Money/Macroeconomics – ECON 351; ECON 413
Public Economics – ECON 371; ECON 472
Quantitative Economics – ECON 381; ECON 482
Regional/Urban Economics – ECON 361; FIN 485 (prereq ACC 301)

REVISE ECONOMICS MAJOR – COLLATERAL OPTION
On page 141 of the 2005-2006 Undergraduate Catalog, revise Economics Major, Collateral Option
In the Third Year, replace Economics 311 with 312, a new course entitled Managerial Economics.
Revise area of focus options to reflect changes in course numbering, as follows—
Industrial Organization and Finance – ECON 331; ECON 435; FIN 425 (Acc 301 corequisite); FIN 455
Money/Macroeconomics and Finance – ECON 351; ECON 413; Fin 425 (ACC 301 corequisite); FIN 435 (ACC 301 corequisite)
Quantitative Economics and Mathematics – ECON 381; ECON 482; MAT 241 (MAT 142 prerequisite ); MAT 251
Quantitative Economics and Statistics – ECON 381; ECON 482; STAT 472 (STAT 320 prerequisite); STAT 475 (STAT 320 prerequisite)
PUBLIC ADMINISTRATION (INTERCOLLEGIATE PROGRAM)

REVISE PUBLIC ADMINISTRATION MAJOR
On page 147 of the 2005-2006 Undergraduate Catalog, revise Public Administration Major

In the Third Year (page 148), Economics 311 should be replaced by Economics 312; and in the Fourth Year, Economics 471 should be replaced by Economics 371 to reflect the renumbering of this course.

DEPARTMENT OF FINANCE

REVISE FINANCE MAJOR
On page 141 of the 2005-2006 Undergraduate Catalog, revise Finance Major

Accounting 301 (3)

Accounting 411 (3)
Information Management 341 (3)
ADD CATALOG TEXT FOR FIFTH YEAR MASTER OF SCIENCE IN STATISTICS

On page 149 of the 2005-2006 Undergraduate Catalog, add 5th Year Master of Science in Statistics

Students may earn a Bachelor of Science (majoring in mathematics or statistics) and a Master of Science with a major in statistics in five years as follows. (See the Graduate Catalog for more information on the Master of Science degree.) Please note that admission as a graduate student must be obtained prior to the beginning of the fifth year.

- To apply, a student must earn a grade of B or better in Mathematics 142 (148) and Mathematics 241 (247) and have a UT cumulative GPA of 3.25 or greater with 60 or more credit hours earned.
- To continue, a student must complete at least 96 hours of undergraduate credit prior to the fourth year with a B average (3.0) or better.
- Complete the requirements for your first undergraduate degree by the end of your fourth year, but not earlier.
- Complete an additional 9 hours of statistics courses (Statistics 566, 572 and 573) for graduate credit by submitting a Senior Requesting Graduate Credit form and obtaining Senior Privilege through the Office of Graduate Student Services. These courses must be taken in the fourth year and may not be used to fulfill any requirements for the undergraduate degree. Note: Each semester you are registered for a graduate course, your total credits for undergraduate and graduate classes may not exceed 15.
- In the fifth year, including the summer preceding or following the fifth year, complete requirements for the Master of Science degree as detailed in the Graduate Catalog. This will typically require 12 credits per semester.

The Department of Statistics, Operations and Management Science awards graduate assistantships each year. The assistantship pays graduate tuition, as well as a stipend for living expenses. Fourth year students who complete at least 6 credits of graduate course work toward the Master of Science degree with a B average or better will be given priority for a graduate teaching assistantship from the department beginning in the academic year following award of the Bachelor of Science degree.

Accounting Collateral Options:
Finance: FIN 425; FIN 435; and FIN 455 or ACCT 414
Information Management: IM 342; IM 442; IM 443
International Business: ECON 329; BA 371; MGT 471
Logistics: LOG 310; LOG 411; LOG 421

*Meets University General Education Requirement.

1 Must be completed by the end of the First Year.

2 Students who complete English 118, Honors English Composition, with a grade of A or B will complete their English Composition requirement by choosing English 102 or a Second Year literature course in the English Department. If the Second Year literature course appears on the list for the Arts and Humanities requirement, the course may also be counted toward the Arts and Humanities requirement.

3 Mathematics – Mathematics 125 or 141 are prerequisites for Statistics 201, which is taken during the second semester of the Second Year. As a result, either Mathematics 125 or 141 must be completed by the end of the first semester of the Second Year. Students testing into Mathematics 100, 110, 115, or 119 must complete these courses during their First Year to ensure that Mathematics 125 or 141 can be completed during the first semester of the Second Year. Students who have not completed Mathematics 125 by the end of their First Year should take Mathematics 125 in the first semester of their Second Year, prior to taking Mathematics 123.

4 In the spring of their Third year, students normally make the decision whether to enter the job market upon graduation or apply to the Master of Accountancy program. Accounting 414 and 431 are both prerequisites to the MAcc program; therefore, students planning to enter the MAcc program should take Accounting 414 or 431 (whichever was not taken to satisfy the Major requirement) instead of Finance 455 in the Finance collateral, instead of IM 442 in the Information Management collateral, instead of Management 471 in the International Business collateral, and instead of Logistics 421 in the Logistics collateral.

**Logistics Collateral Options:**
Information Management – IM 341; IM 342; IM 442 or 443
International Business – ECON 329; BA 371; MGT 471
Marketing – MKT 340; MKT 350; any two of MKT 452, MKT 456, or MKT 458* (reduce elective hours by one)
Operations Management – OMS 341; OMS 441; OMS 410 or OMS 421

* Meets University General Education Requirement.
1 Must be completed by the end of the First Year.
2 Students who complete English 118, Honors English Composition, with a grade of A or B will complete their English Composition requirement by choosing English 102 or a Second Year literature course in the English Department. If the Second Year literature course appears on the list for the Arts and Humanities requirement, the course may also be counted toward the Arts and Humanities requirement.
3 Mathematics – Mathematics 125 or 141 are prerequisites for Statistics 201, which is taken during the second semester of the Second Year. As a result, either Mathematics 125 or 141 must be completed by the end of the first semester of the Second Year. Students testing into Mathematics 100, 110, 115, or 119 must complete these courses during their First Year to ensure that Mathematics 125 or 141 can be completed during the first semester of the Second Year. Students who have not completed Mathematics 125 by the end of their First Year should take Mathematics 125 in the first semester of their Second Year, prior to taking Mathematics 123.
who have not completed Mathematics 125 by the end of their First Year should take Mathematics 125 in the first semester of their Second Year, prior to taking Mathematics 123.

SCHOOL OF JOURNALISM AND ELECTRONIC MEDIA

(592) Journalism And Electronic Media

ADD

Contact Hour Distribution: lecture and lab.

(RE) Prerequisite: 200.

236 Foundations of Video Production (3) A foundational course designed to introduce the process of writing and producing video programs. Includes lectures and lab hours in both studio and field production. Students are introduced to writing and aesthetics while working hands-on with all studio and field equipment in the electronic video process from conception through production to post-production. As part of this class, students will provide production support for ongoing cable television programs produced for the campus cable channel.

Contact Hour Distribution: lecture and lab.

(RE) Prerequisites: 200 and 275.

333 Print/Web Editing (3) Methods and practice in judging news, editing copy, writing headlines and designing newspapers and magazines. Emphasis on precise word use and news display.

Contact Hour Distribution: lecture and lab.

(RE) Prerequisite: 315 or Public Relations 320.
336 Intermediate Video Production (3) Emphasis on concepts related to message design, development, field acquisition, writing, digital videography, producing and directing video productions. Students are introduced to non-linear digital editing. As part of the class, students provide production support for on-going programs produced for digital cable television channel.
Contact Hour Distribution: lecture and lab.
(RE) Prerequisite: 236.

365 Sports Broadcasting (3) Introduction to the skills needed to perform as a radio or TV sportscaster. Includes voice and diction training, interviewing athletes, radio and TV sportscasting, and play-by-play techniques.
Contact Hour Distribution: lecture and lab.
(RE) Prerequisites: 200 and 275.

375 Sports Reporting Across the Media (3) An introductory course in gathering, writing and presenting sports news in a variety of formats, including print, photography, radio, television and the Web.
Contact Hour Distribution: lecture and lab.

436 Advanced Video Production (3) Students are actively involved in the program development process, including conceiving, writing and producing original video productions, as well as maintenance of existing shows airing weekly on the University's digital cable channel. Advanced post-production techniques, including non-linear digital editing.
Contact Hour Distribution: lecture and lab.
(RE) Prerequisite: 336.

446 Video Capstone (3) Overview of production management. The course will be taught in conjunction with visiting professionals from a variety of corporate and commercial video production facilities. In-depth seminars on production management, including budgeting, planning, staffing, producing, directing, and evaluating video projects. Students are involved in managing productions produced for digital cable channel.
(RE) Prerequisite: 436.

Contact Hour Distribution: lecture and lab.
(RE) Prerequisite: 222.

SCHOOL OF INFORMATION SCIENCES

ADD MINOR IN INFORMATION STUDIES AND TECHNOLOGY
On page 154 of the 2005-2006 Undergraduate Catalog, revise to

Established in 1971, the School of Information Sciences provides an interdisciplinary undergraduate minor in information studies and technology and a graduate program for the preparation of librarians and other information professionals for work in all types of information environments.

Minor in Information Studies and Technology

The minor in information studies and technology will complement majors in many fields, including liberal arts and sciences, engineering, applied life sciences, commerce, business administration, education and human ecology. Students electing the minor will learn about the impact of information and information technology on society, individuals, and organizations. They will acquire information and technology literacy skills enabling them to know how and where to find information, how to use it strategically, and how to design information containers and access systems in a variety of settings. Students will also learn how policies governing access and control of information resources are set and how policies affect organizations, individuals and society as a whole. Other aspects of information and information use that will be addressed in the minor include, but are not limited to, the ethical use of information; intellectual property rights; plagiarism; privacy vs. the right to know; the equity of access to information.

Students interested in the minor are encouraged to contact the School of Information Science’s undergraduate faculty coordinator for guidance and more information.

105 Introduction to ECE: Seminar I (1)

REVISE TITLE, CREDIT HOURS, DESCRIPTION, AND REMOVE (RE) PREREQUISITES

106 Introduction to ECE (3) History of ECE programs, practices, and policies; overview of children’s development and behavior; introduction of application of developmental theory to curriculum development and classroom methods; summary of current ECE issues and research; introduction of impact of family, schools, and community on children’s learning; readings, observations, colloquy, and exposure to a broad spectrum of ECE professionals.

REVISE COURSE DESCRIPTION AND COMMENTS

470 Practicum: Pre-K Teaching (6-12) Responsibility for planning and guiding groups of infants, toddlers, or preschoolers under supervision of a classroom teacher and coordinator. Includes weekly seminar.
Comment(s): Fall and spring practicum placements begin on first day of registration and ends on the last day of the final examination period. The practicum follows the ELC calendar and does not include fall or spring breaks. Summer practicum begins the day following spring commencement and ends on the last day of summer term. Priority for summer practicum is given to students who have completed all other program requirements, except practicum, prior to the summer session.

REVISE TO ADD (RE) PREREQUISITES, REMOVE RECOMMENDED BACKGROUND AND REGISTRATION PERMISSION

471 Practicum in Child Development (3-12)

II. PROGRAM CHANGES

ADD SECTION TO CATALOG (SENIOR ELIGIBLE FOR GRADUATE CREDIT)

On page 159 of the 2005-2006 Undergraduate Catalog, immediately following Senior Major Field Testing section before Teacher Education section, add

Seniors Eligible for Graduate Credit

Students intending enter certain graduate programs and teacher education students who are required to finish a post-baccalaureate (5th Year) before earning a teacher license may qualify as seniors to take graduate courses that may be applied to a master's degree.

Subject to approval by the Dean of Graduate Studies, a senior at the University of Tennessee, Knoxville, who needs fewer than 30 semester hours to complete requirements for a bachelor's degree and has at least a B average (3.0) may enroll in graduate courses for graduate credit, provided the combined total of undergraduate and graduate coursework does not exceed 15 credit hours per semester.

- Senior privilege is extended only to students working toward a first bachelor's degree.
- Students who have met all requirements for graduation are not eligible for senior privilege.
- Approval must be obtained each semester at the Office of Graduate Student Services, P-105 Andy Holt Tower; (865) 974-2475. Form available online at: http://gradstudies.tennessee.edu.
- A maximum of nine hours of graduate credit at the 400- and 500-level can be obtained in this status.
- Some departments do not permit seniors to register for graduate courses without prior permission.
- Courses taken for graduate credit may not be used toward both the baccalaureate and a graduate degree.

DEPARTMENT OF CHILD AND FAMILY STUDIES

ADD CATALOG TEXT DESCRIBING EARLY CHILDHOOD EDUCATION TEACHER LICENSURE: PREK-K

Add the following description on page 162, column 2, of the 2005-2006 Undergraduate Catalog after the description of the Certified Family Life Educator

Early Childhood Education Teacher Licensure (PreK-K)

The child and family studies major provides the undergraduate preparation needed for a student who would like to be licensed to teach early childhood education in the State of Tennessee (PreK-K). This licensure program prepares students to teach children with and without disabilities, birth through age 5. Students who wish to pursue this licensure must complete the Early Childhood Education Teacher Licensure: PreK-K specialty area. Upon completion of 60 undergraduate hours, including completion of Child and Family Studies 350, students will complete the admission process to PreK-K Teacher Education. Students interested in this licensure should work closely with their advisor to ensure that they understand and meet teacher education program requirements and that they strictly follow the application process.

REVISE ADMISSION TO TEACHER EDUCATION TO INCLUDE PREK-K

On page 159 of the 2005-2006 UTK undergraduate catalog, 2nd column, under “Admission to Teacher Education,” revise #1 Academic achievement to

(b) GPA based on completion of 45 credit hours Agriculture Education and Special Education, 60 hours Elementary Education and PreK-K, 75 hours Secondary Education...
REVISE CERTIFIED FAMILY LIFE EDUCATOR CATALOG TEXT
On page 161 of 2005-2006 UTK Undergraduate catalog, 2nd column, revise to

Certified Family Life Educator
Students interested in applying for certification as a Family Life Educator through the National Council on Family Relations must complete 5 courses from the Family Life Education specialty area: Child and Family Studies 240, 345, 360, 440, and Counselor Education 480. These courses are in addition to the Child and Family Studies core courses. Contact your advisor for specific information about becoming a Certified Family Life Educator through the department’s approved program of study.

REVISE CATALOG HEADING
On page 161 of the 2005-2006 UTK undergraduate catalog, column 2, change the heading (Early Childhood Education Teacher Licensure) to

Early Childhood Education Teacher Licensure Preparation (PreK-3)

REVISE CHILD AND FAMILY STUDIES MAJOR
On page 161 of the 2005-2006 Undergraduate Catalog, revise column 1, second paragraph, parenthetical statement to

(Students electing to pursue the Early Childhood Education Teacher Licensure (PreK-K) or the Early Childhood Education Teacher Licensure Preparation (PreK-3) specialty areas will take a total of 34 credit hours in this specialty area plus an additional 3 credit hours from their advanced social science electives.)

On page 161 of the 2005-2006 Undergraduate catalog, column 1, under Progression Requirements, change the text to

Students are expected to know the criteria they must meet in order to progress into a practicum (Child and Family Studies 470, 472, 480, or 490) and to regularly monitor their progress in meeting these criteria.

On page 161 of the 2005-2006 Undergraduate Catalog, at the bottom of column 1, under Prerequisites for the Practicum, change the text to

Prerequisites for the Practicum
- Completion of all prerequisites enforced by the registration system.
- A cumulative GPA of at least 2.5 (A cumulative GPA of at least 2.7, including transfer credits, is required for students electing the Child and Family Studies 470 or 472 practicum option).
- A minimum grade of C in all child and family studies courses.

On page 162 of the 2005-2006 Undergraduate Catalog, revise the showcase, including the footnotes and specialty areas to include the new practicum course and to distinguish between the two teacher licensure programs.

Senior year, change the list of practicum courses to

10Child and Family Studies 470, 472, 480, or 490..........12

Revise the following footnotes to

6A minimum of 27 hours must be chosen, in consultation with a faculty advisor, from a list of courses meeting departmental requirements for specialty areas. Teacher Licensure students, both PreK-K and PreK-3, must take 34 hours of specialty area electives plus 3 additional hours from their Advanced Social Science elective requirement.
6ECE Teacher Licensure students, both PreK-K and PreK-3, must take CFS 211.
10Child and Family Studies 490 requires a cumulative GPA of 2.5 (2.7 for CFS 470 and 472, including transfer credits); completion of all prerequisites enforced by the registration system; a minimum grade of C in all Child and Family Studies courses; completed application; student conduct and criminal background clearance. Child and Family Studies 470, 472, and 480 must be completed in one semester. Child and Family Studies 490 may be completed over several semesters.

REVISE CHILD AND FAMILY DIVERSITY SPECIALTY AREA AND WOMEN AND FAMILY SPECIALTY AREA
Change African and African-American Studies courses to Africana Studies.

REVISE FAMILY LIFE EDUCATION SPECIALTY AREA TO

- Family Life Education: Agricultural and Extension Education 211; Child and Family Studies 240, 360, 345, 440; Communication Studies 330; Counselor Education 480; Educational Psychology 210; Health 426; Philosophy 244; Psychology 409.

REVISE EARLY CHILDHOOD EDUCATION—LICENSURE SPECIALTY AREA TO

- Early Childhood Education Teacher Licensure Preparation (PreK-3)
ADD SPECIALTY AREA

- Early Childhood Education Teacher Licensure (PreK-K) (all courses are required): Audiology and Speech Pathology 320; Child and Family Studies 106, 350, 353, 423; Cultural Studies in Education 400; Educational Psychology 401; Special Education 410, 471; Instructional Technology 486; Special Education 402.

DROP MINOR IN MIDDLE SCHOOL EDUCATION

ADD MINOR IN MIDDLE GRADES EDUCATION

On page 172 of the 2005-200 Undergraduate Catalog, revise to

Minor in Middle Grades Education
Students interested in becoming middle school teachers (grades 4-8) earn a BA or BS in the College of Arts and Sciences in either mathematics, English, an area of science (e.g. astronomy, biology, chemistry, geology, physical geography, physics, environmental science) or one of the social sciences (e.g. history, geography, political science, anthropology, sociology, economics). Students who have pursued programs in engineering or forestry may have coursework that may count in this area.

Students also complete a minor in middle grades education which consists of a minimum of 12 credit hours in one of the other four content areas: mathematics, science, social science, or English, as well as the professional education core courses (6 hours) as outlined below. Contact advisors in the college’s Student Services Center, A332 Claxton Complex, for more information about specific requirements. The coursework listed below leads to middle grades licensure.

(RE) Prerequisite(s): Chemistry 130 and Engineering Fundamentals 152.

DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING

(319) Electrical and Computer Engineering

REVISE DESCRIPTION

★400 Senior Design (5) A major design project that focuses the student’s attention on professional practice, accumulated background of curricular components, and recent developments in the field. This major design emphasis is directed to topics within the field of electrical and computer engineering. Includes Level 3 design projects which require laboratory work. (OC) (WC)

DEPARTMENT OF INDUSTRIAL AND INFORMATION ENGINEERING

(556) Industrial Engineering

ADD

340 Process Improvement through Planned Experimentation (3) Review of fundamentals of continuous improvement, advanced statistical process control techniques, and strategies for short production runs. Use of experimental design techniques to improve processes, including single and multiple-factor designs, blocking and confounding, and fractional designs. Full factorial designs are compared to fractional designs to balance experimental efficiency with loss of information. Lab component utilizes statistical and simulation software to provide hands-on experience.

Contact Hour Distribution: 2 hours lecture and 1 lab.
(RE) Prerequisite(s): 202 and 300.
Recommended Background: completion of an introductory course in probability and statistics.

406 Simulation (3) Simulation of complex production processes using current simulation software. Introduction to modeling concepts, flowcharting, random number generation, design of experiments, simulation logic, and computer animation. Utilization of statistical tools to analyze inputs and outputs to simulation models. Lab component provides hands-on experiences in developing simulation models for relevant industrial engineering case studies.

Contact Hour Distribution: 2 hours lecture and 1 lab.
(RE) Prerequisite(s): 300 and 310.
Recommended Background: completion of 202 and an introductory course in probability and statistics.

ADD AND REQUEST APPROVAL FOR VARIABLE TITLE

493 Special Topics in Industrial Engineering (1-3) Recent developments in industrial engineering including new areas of application, new research techniques and new methodologies.

Repeatability: May be repeated. Maximum 6 hours.
Registration Restriction(s): minimum student level – junior.

458 Senior Honors Seminar (1)

II. PROGRAM CHANGES

REVISE REQUIREMENTS
In addition to required work in their respective colleges, Honors Scholars complete

- English 118 (required), except for incoming students with a 4 or 5 on the Literature-Composition AP test, or with dual-enrollment credit for English 101 and 102
- One 1-credit University Honors seminar (University Honors 100)
- Five 100- or 200-level honors courses selected from University Honors courses or departmental honors courses
- Two upper-division honors courses in their major (Honors-by-Contract* or Honors Independent Study may be substituted)
- One 3-credit Senior Project (University Honors 499)

TOTAL: 25-28 credit hours of honors coursework

* Honors-by-Contract: Customized approach in an upper-division course in the student's academic major, through completion of a written contract delineating additional effort. The contract must be submitted to UHP by the third week of the semester. Limited to University Honors students.
GENERAL EDUCATION COMMITTEE REPORT

All changes effective Fall 2006

Communicating through Writing (WC)

Add the WC designation:

Child and Family Studies
405 Development of Professional Skills (WC)

Animal Science
280 Biotechnology and Management Practices in Animal Agriculture (WC)

English
206 Introduction to Shakespeare (WC)

Musicology
210 History of Western Music, Ancient to Baroque (WC)

Rationale: These courses meet the criteria for the WC designation by incorporating formal and informal writing assignments totaling at least 5,000 words. In addition, writing for the courses is distributed throughout the semester. The course syllabi and proposals were approved by the WC subcommittee and subsequently approved by the General Education committee.

Continue the WC designation: (reviewed by subcommittee due to College course changes)

Civil Engineering
205 Professional Development I (WC)
- Prerequisite change

Electrical and Computer Engineering
400 Senior Design (WC)
- Editorial description change to include “computer” engineering

English
101 English Composition I (WC)
- Description revision

102 English Composition II (WC)
- Description revision

Forestry
321 Wildland Recreation (WC)
- Prerequisite change

Journalism and Electronic Media
200 Introduction to News Writing (WC)
- Change to contact hour distribution

414 Magazine and Feature Writing (WC)
- Prerequisite course number change

Musicology
330 Women and Music (WC)
- Revision to description

Drop the WC designation:

Musicology
220 History of Western Music, Classical to the Present
- Revision of title, description and prerequisites

430 History of the Symphony
- Revision to title and description

Communicating Orally

Add the OC designation:

Child and Family Studies
405 Development of Professional Skills

Philosophy
242 Contemporary Moral Issues

Rationale: These courses meet the criteria for the OC designation by integrating the teaching and grading of oral communication into the course. Structured feedback is provided to students to advance their oral communication skills. In addition, oral communication assignments for the courses are distributed throughout the semester. The course syllabi and proposals were approved by the OC subcommittee and subsequently approved by the General Education committee.
Continue the OC designation: (reviewed by subcommittee due to College course changes)

Electrical and Computer Engineering
400 Senior Design (OC)
- Editorial description change to include "computer" engineering

Natural Sciences

Continue the NS designation: (reviewed by subcommittee due to College course changes)

Chemistry
100 Principles of Chemistry (NS)
- Revision to credit restriction
120 General Chemistry I (4) (NS)
- Revision to title and addition of credit restriction
128 Honors General Chemistry I (NS)
- Revision to title and addition of credit restriction
110 Introduction to Organic and Biochemistry (NS)
- Revision to prerequisite
130 General Chemistry II (NS)
- Revision to title
138 Honors General Chemistry II (NS)
- Revision to title and prerequisite—adds previous course in sequence

Geography (All revision of title and description)
131 Geography of the Natural Environment I (NS)
- Revision to title and description
132 Geography of the Natural Environment II (NS)
- Revision to title and description

Nutrition
100 Introductory Nutrition (NS)
- Revision to credit restriction

Physics (All revision of title and description)
101 How Things Work I (NS)
102 How Things Work II (NS)
135 Introduction to Physics for Physical Science and Mathematics Majors I (NS)
136 Introduction to Physics for Physical Science and Mathematics Majors II (NS)
137 Honors: Fundamentals of Physics for Physics Majors I (NS)
138 Honors: Fundamentals of Physics for Physics Majors II (NS)

Designate as a NS lab course:

Biology
157 Honors Experimental Biology
Rationale: The NS subcommittee verified that this course should be designated as a NS lab course.

Arts and Humanities

Add the AH designation:

Africana Studies
- Africana Studies 162 (AH) (secondary) Art History 162 is primary
- Africana Studies 233 (AH) (secondary) English 233 is primary

English
206 Introduction to Shakespeare (AH)
Rationale: Course meets criteria for the AH Broadened Perspectives designation. Course exhibits a clear linkage of goals and objectives to the General Education purpose and outcomes for Arts and Humanities. The course syllabi and proposals were approved by the AH subcommittee and subsequently approved by the General Education committee.
Drop the AH designation:

**African and African-American Studies**
- African and African-American Studies 162 (secondary)
  Art History 162 is primary.
- African and African-American Studies 233 (secondary)
  English 233 is primary

Rationale: Discipline dropped at September 2005 meeting of the UG Council.

Continue the AH designation: *(reviewed by subcommittee due to College course changes)*

**Musicology**
- 110 Introduction to Music in Western Culture (AH)
- 115 Music in the United States (AH)
- 125 Jazz in American Culture (AH)
- 210 History of Western Music, Ancient to Baroque (AH)
- 220 History of Western Music, Classical to the Present (AH)
- 290 Soundscapes: Exploring Music in a Changing World (AH)

Rationale: Discipline dropped at September 2005 meeting of the UG Council.

Social Sciences

Add the SS designation:

**Africana Studies**
- Africana Studies 201 (SS)
- Africana Studies 202 (SS)

Drop the SS designation:

**African and African-American Studies**
- African and African-American Studies 201
- African and African-American Studies 202

Rationale: Discipline dropped at September 2005 meeting of the UG Council.

Cultures and Civilizations

Add the CC designation:

**Africana Studies**
- Africana Studies 235 (CC)
- Africana Studies 236 (CC)

**Environmental and Soil Sciences**
- 220 Waters and Civilizations (CC)

Rationale: Course meets criteria for the CC Broadened Perspectives designation. Course exhibits a clear linkage of goals and objectives to the General Education purpose and outcomes for Cultures and Civilizations. The course syllabi and proposals were approved by the CC subcommittee and subsequently approved by the General Education committee.
Drop the CC designation:

**African and African-American Studies**
- African and African-American Studies 235
- African and African-American Studies 236

Rationale: Discipline dropped at September 2005 meeting of the UG Council.

Continue the CC designation: (reviewed by subcommittee due to College course changes)

FACULTY MENTOR PROGRAM
UNIVERSITY HONORS

Précis: The University Honors Program at the University of Tennessee

Established in 1985, The University Honors Program has over seven hundred students at the University of Tennessee. University Honors students follow a curriculum that requires, in addition to the work required for the student’s major and minor areas of study, University Honors and departmental honors courses (some of which may be taken as Honors-by-Contract courses), and a senior project. In the immediate future, University Honors has two goals. The first is to solidify its relationship with individual departments on campus in an effort to track the academic career of the University Honors students. This will allow both University Honors and individual departments to encourage students to pursue academic opportunities, such as departmental honors or departmental research projects. The second goal is related to the first and involves establishing a Faculty Mentor Program. The intention is to assign a faculty mentor to each incoming University Honors student. This mentor will develop an academic relationship with the student, which will include advice about scholarships, research opportunities, career choices and graduate programs.

Guidelines for Faculty Mentors
The University Honors Program of the University of Tennessee

The Honors Program at the University of Tennessee sees the role of faculty mentors for its University Honors students as an essential aspect of each student’s academic development. Faculty mentors will be assigned to first-year University Honors students who have indicated an interest in the faculty mentor’s academic discipline. Faculty mentors will meet these students during the first few weeks of fall term, after which the faculty mentor will meet with her/his University Honors student(s) at least twice per term in an effort to foster an academic relationship. The intended roles for such mentors are as follows:

Role Concerning Academics

- Faculty mentor will NOT replace the departmental advisor of University Honors students, but will be a complementary advisor on the courses available within the mentor’s college, school or department. There must be flexibility in these roles— in many cases the departmental advisor and faculty mentor may be the same faculty member, but the relationship between the departmental advisor and faculty mentor will vary according to the advising policy of each department.
- Faculty mentor will advise the student of scholarship or research opportunities directly related to the student’s undergraduate studies.
- Faculty mentor will facilitate the contracts of their University Honors students who wish to establish an Honors-by-Contract course with another faculty member.
- In conjunction with the student’s Senior Project Advisor, the University Honors student will consult with her/his faculty mentor in deciding on a Senior Honors Project. In some cases, the faculty mentor may either direct the Senior Honors Project or serve on the committee of the Senior Honors Project.

Role Concerning Career Development

- Faculty mentor will advise the student of fellowships, scholarships and internship opportunities available for recent graduates (e.g. Fulbright Scholarships).
- Faculty mentor will advise the student regarding career choices, offering advice, for example, on graduate programs appropriate to the student's interests and abilities.

There will be some flexibility in the assignment of University Honors students to a faculty mentor, especially in the case of students who change their major or move from one college or school to another. In such cases a new faculty mentor will be assigned. Generally, however, the intention is for the student to be mentored by the same faculty member throughout her/his college attendance.

Benefits for Participating as a Faculty Mentor
The University Honors Program of the University of Tennessee

University Honors faculty mentors will help to cultivate a relationship with students of the mentor’s college, school or department—students who will be among the most advanced and accomplished majors in the student’s field of study. The advantages of this relationship are significant. Both the faculty mentor and her/his department will have current knowledge of gifted undergraduates who:

May be recruited as majors, based on the student’s interests or intended field of study;
Might be eligible for research assistantships within the college, school or department of their major;
Might be cultivated to participate in departmental or college honors, where that applies, in conjunction with the student’s Senior Honors Project developed for the University Honors Program;
Might be interested in continuing advanced studies within the department as a graduate student.

Faculty members serving as mentors for University Honors students should indicate this on their annual evaluation for faculty (often called the Faculty Annual Evaluation Report). This should be noted separately from any regular advising, and may be listed under teaching or service, depending on the departmental requirements of the faculty member serving as mentor.

**Majors of Current University Honors Students (as of 1/12/06)**
