

Parent Support Form

Academic Enrichment Upward Bound • The University of Tennessee

The Academic Enrichment Upward Bound program is a federally funded program operating out of The University of Tennessee. It is designed to supplement the education students are currently receiving in high school and assist them in making wise educational and career decisions after high school. Only 68 students will be chosen as participants from several (5) local high schools based on meeting eligibility requirements. Students who are selected as Academic Enrichment Upward Bound participants will have the opportunity to earn a stipend of \$15.00 per Saturday session and \$15.00 per week during the summer program.

As the parent of _____ who attends _____
(Student Name) *(Student's School)*

I understand that my son/daughter is being considered for participation in the Academic Enrichment Upward Bound program.

My son/daughter will be expected to attend instructional/tutoring programs approximately two Saturday per month and periodic field trips (not to interfere with school) during the school year.

My son/daughter will also be attending a four-week summer program at The University of Tennessee and will be living on campus and attending classes during the full four-week term.

I understand that the services offered by this program will be of NO COST to our family and that only select students are chosen to participate. I would like for my child to be involved in the Academic Enrichment Upward Bound program and if he/she is chosen to participate, I will support him/her in every way possible.
